

7th December, 2018

Students of various departments of **ARKA JAIN University** participated in an Interactive Session ‘**Secret of Excellence**’ organized by Centre for Inner Resource Development, Jamshedpur. It was held on 7th Dec, 2018. Swami Nirvisheshananda Tirthaji was the speaker of this session. He enlightened the students with his motivational words. He discussed with students about how to enhance skills and minds towards career. He highlighted how one person’s behavior can change the entire culture of the society. Students learn how to stay calm in the difficult phase of life. At last, swamiji answered the different questions asked by the students. Dr. Pompi Das Sengupta, Dr. Gurinder and Ms. Priya Raman also attended the session.

“Thought is the most potent and creative power in the world. It initially takes shape in an individual mind. When shared with others, any benevolent thought starts growing as a vibrant process encompassing more and more people. It is such collective benevolent thoughts that build up great cultural values and treasure in the society.”

- Swami Bhoomananda Tirtha
