

Department of Economics

ARKA JAIN University

Workshop on Introductory Econometrics

In order to provide practical knowledge to the students, a workshop was conducted by Dr. Gurinder Kaur for the students of BA (Hons.) Economics- Sem III. It was conducted on Nov 20th, 2018 in the computer lab of the university. It started with the application of statistical tools like data presentation, measures of central tendency, dispersion and correlation on excel. Further, they were taught about the application of econometric models like simple regression, multiple regression etc. on Microsoft excel. Alongwith it, they were also taught about the detailed interpretation of the results obtained. At the end of the workshop, students were given a set of practice questions which they solved on excel and submitted to the event coordinator.
