## ► EMBA ( 3 years part time MBA equivalent to 2 years full time MBA )

Of all the knowledge, skills and experience that you bring to your company, the most valuable one is the ability to make winning decisions. After all, great decision-making is one of the hallmarks of great leadership. But how do you gain the confidence to manage risks, communicate persuasively and make confident decisions?

The ARKA JAIN EMBA is built on the principle that leaders, no matter what type, will be faced with many difficult and different decisions. Combining case studies, discussions and debates, real-world tools, and simulations, you will explore new approaches to decision-making, apply the theories you learn in class to real-world contexts, boost your learning through practice, and discover the formula common to all good decisions.
