

ABOUT COMPANY : Headquartered in Kolkata, Tresrock offers Real Estate Solutions Connected Locally & Globally that Empower our Clients with the Resources they need to make Better Informed Property Decisions. Our Value Chain is designed to fulfil the needs of Modern Business with Sustainable Real Estate Solutions. We infuse the Right Energy and the Right Workforce into the Ecosystem of Modern Businesses. It is our duty to help our Partners and Stakeholders in getting the Best Deals from Business. Our Highly Skilled and Dextrous Team of Professionals take every precaution possible to ensure that our Real Estate Business Advisory Services stand out from the rest and add value at every step. We belong to a Category of Professionals who believe that Real Estate and Realty Business forms the Core or Ecosystem of any Business.

Thus, it is imperative to have the Best Plans, Designs, Compliances, Environmental Precautions and other important factors to ensure its Long-Term Sustainability. Before Venturing into any Project, we carry out a SWOT Analysis or a Strength, Weakness, Opportunity and Threat Assessment. This helps us in understanding the pros and cons of a Project and helps us in taking Real Time Decisions based on these factors. We are highly committed towards helping our Clients achieve the best in terms of Growth, Goodwill and Sustainability. We believe that what is not sustainable is not a Proper Business Model.
