

ARKA JAIN UNIVERSITY

TRAINING & PLACEMENT DEPARTMENT

Placement Drive: Brembo Brake India Pvt.Ltd.

Notice No. : AJU/T&P/DIP/003/20-21

Date: 24-11-2020

COMPANY PROFILE SUMMARY:

Brembo is a world leader in the design, development and production of braking systems and components for cars, motorbikes, industrial vehicles and machinery, for the OE market, after-market and racing. The Group has recently branched out into the design and production of safety systems.

Brembo guarantees the utmost safety and comfort and improved product performance thanks to process integration and optimization of the entire production cycle, from the initial design and cast-iron or aluminum casting to assembly, testing and simulations on the bench, track and road.

Brembo's constant quest for innovation calls for new technologies, new materials, new shapes and new markets; product performance is accompanied by the search for a unique style in line with the design of the equipped vehicles.

Research at Brembo is conducted at the Research & Development Centre, which has also been involved since 2002 in mechatronics, a border science that combines mechanics, electronics and informatics.

Brembo sells its products in 70 different countries and has production sites in Italy, UK, Poland, Czech Rep., Spain, Germany, Brazil, Argentina, the USA, Mexico, China and India. The products are marketed by companies located in the main outlet markets, with headquarters in France, UK, Sweden, Russia, the USA and Japan.

The Group has 10.000 collaborators; close on 10% of who are engineers and product specialists involved in research and development. For more details please visit www.brembo.com.
