

Report on Celebrating 150th Birth Anniversary of Mahatma Gandhi

Held on 11.02.2020 and 14.02. 2020

Date of Event	11.02.2020 and 14.02.2020
Name and Type of Event	AWARENESS AMONG CHILDREN FOR HAND SANITIZATION
Conducted by	Dr. Santosh Kumar Singh, Department of Biotechnology
No. Of Participant	60 students (3-6 years age) of class nursery to std. 1

Hand screening and awareness about hand wash among children of Jagbani Public School and Nav Prathmik School, Mohanpur; Gamharia was organized as a part of commemorating 150th Birth Anniversary of Mahatma Gandhi by department of Biotechnology, School of Health & Allied Science. The program was lead by Dr. Santosh Kumar Singh (Assistant Professor) along with 4th semester students.

A total 60 students of 3-6 years of class nursery to std. 1 were made aware about hand washing before and after meal and after defecation, materials used for washing, importance of hand washing. We took hand swabs across palm and between the fingers of each individual child as per aseptic procedure for screening of bacteria present on their hands. After the programme, the children were provided with soaps and chocolates.
