

Report on Webinar on Atmospheric visibility and air quality
Held on 17.06.2020

Date of Event	17.06.2020
Name and Type of Event	Webinar on Atmospheric visibility and air quality
Conducted by	Dr. Chnadraprabha sahu
No. Of Participant	500

On *June 17, 2020*, Department of Engineering, ARKA JAIN University organized a National Webinar on Webinar on Atmospheric visibility and air quality. On this occasion **Dr.Shilpa Sharma** has presented on the topic of “**Webinar on Atmospheric visibility and air quality**”. The Speaker Dr. Shilpa Sharma Asst. Professor BIT Raipur. The program was inaugurated by Dean (Department of Engineering). Dr. Shilpa Sharma has given very informative talk about the urban particulate level and their interplay with the atmospheric visibility. The talk gave a brief knowledge about fine airborne particles that are responsible for reduction of visibility as they are good light absorber as well as scatterer. Many participants had appreciated this webinar and had cleared all their doubt in the questionnaire round. We have received valuables feedback from the participants. All participants who attended the webinar were given e-certificate. On this event all faculty and students from different colleges have actively participated. Dr. Chnadraprabha sahu was the coordinator of the event.
