

Report on Webinar on Remote Sensing in Crop Monitoring & Assessment Held on 19.05.2020 to 09.06.2020

Date of Event	<i>19.05.2020 to 09.06.2020</i>
Name and Type of Event	Webinar on Remote Sensing in Crop Monitoring & Assessment
Conducted by	Mr. Ashwini Kumar, Kumar Shubham
No. Of Participant	5

Webinar Series about the application of remote sensing in determining the properties of soil and usability of land for agricultural purpose has organized by IIRS(ISRO), Dehradun through its Outreach Program. students have learnt very much application about remote sensing and its widely used application

JGI ARKA JAIN University
 Jharkhand
 Estd. Under Jharkhand State Private University Act

Department of Engineering
 organizes
IIRS-ISRO OUTREACH PROGRAMMES

Official Outreach Centre of Indian Institute of Remote Sensing (ISRO), Dehradun
 For the Students of B.Tech (Civil Engineering)

Students who completed the Course

				
Mahima Parmar B.Tech (5th Sem) Civil Engineering	Vijay Kumar B.Tech (5th Sem) Civil Engineering	Rahul Coral B.Tech (5th Sem) Civil Engineering	Md. Seraj Uddin B.Tech (5th Sem) Civil Engineering	Abhishek Sinha B.Tech (5th Sem) Civil Engineering

COORDINATOR
 Kumar Shubham
 Assistant Professor
 Department of Engineering
 +91-8218035710
