<b>Date of Event</b>	26.03.2021
<b>Name and Type of Event</b>	Career Progression Seminar
<b>Conducted by</b>	Mr. Nishant Kumar
<b>No. Of Participant</b>	11

Career Progression discussion among students was conducted for the students of B.Com (H) semester VI on 26<sup>th</sup> March, 2021. The benefits of efficiently planning Career Progress were explained to the students during the online class. Students got an insight on the importance of career planning and the key factors to be considered while contemplating career opportunities. The students actively participated throughout the session and were continuously raising questions which ensured active participation.

There always needs to be a proper guidance for the students in the early stages as it would help them identify the way that would be carved by them which would later on become their identities. Students must be aware of the fact that the sooner a student defines his/her goal, the earlier he/she tends to drift successfully in his or her respective career. A lot of career prospects are available to the students once they complete their under graduation course. But students are broadly aware of only 3-4 career options which is more prevalent in current scenarios. These points were elaborately discussed in this seminar and also many pertinent questions from the students were answered satisfactorily.
