Placement mock interview was conducted for the students of B.Com (H) semester VI(Section B) on 27<sup>th</sup> February, 2021. The benefits of mock interviews were explained to the students during the online class. Students got an insight on the importance of giving mock interviews and the key elements to be considered while contemplating an actual interview. The students actively participated throughout the session and were intrigued by the questions from different sectors.

It has been seen that students tend to fumble while giving answers to many questions as they are not thorough with the facts in their mind as to how to formulate answers and how to control their anxiety as and when questions are thrown to them without preparation. Next problem or issue that are being faced by them is to how to control the nervousness when facing a panel of interviewees. Most of them has to mentored as to how to give answers to certain questions viz-a-viz situational based questions, hypothetical questions, long term vision of one's life etc.

The next pertinent address is to how to wear a formal dress or how to dress up for the corporate interviews. It is of utmost importance to dress properly and to present oneself in a particularly groomed manner. A lot of emphasis is given to groom students for corporate interviews. This issue was also taken up with the students.
