Effects of Technological Advancement in the Field of Quality Development OF Higher Education during Covid-19

SHREE L. R. TIWARI DEGREE COLLEGE, Maharashtra, India in Collaboration With University of Mumbai & Indian Accounting Association- (Thane Branch) Organizes One Day National Level Multidisciplinary E-Conference on “DIGITAL: SPACE, INNOVATION AND TRANSFORMATION THE FUTURISTIC APPROACH LEADING THE WORLD” on Saturday, 15th May 2021.

Asst Professor Paras Nath Mishra presented his paper named “Effects of Technological Advancement in the Field of Quality Development OF Higher Education during Covid-19 Pandemics” in this one-day Conference. The topic was so relevant and important that it has been appreciated by all judges.

IT deployment in higher education sector will help Institutes/ Universities to run their operation smoothly & achieve a certain level of quality in the process of imparting knowledge, information

Objective

- Based on the study, researcher intend to study the impact of deployment of Information Technology (IT) with all its advancement in infrastructure and facilities on the education system.
- To analyze the effect it has on the overall Revenue and cost of the Institute.
- To identify the stakeholders (HEI Management, Teachers, Student and Parents) perception in implementing IT tools in functioning of HEI.
- To examine the merits and demerits of such deployment scheme of IT in education system in this research and publication.
- To determine the challenges of using IT in functioning of HEI

Significance:

- Understanding the perception of students regarding their campus experience.
- Dissatisfied students never talks positive about Institutes or refers others.

- This survey helps to understand the strong areas of an institute & the areas where they should put more efforts
- Such survey is useful to make strategic planning for the top management
