HOLI CELEBRATION 2019

Holi is a big festival of colours. Everyone, including the elderly, children, and students, celebrates with zeal. They had been anticipating this program for months. There is no doubt that this festival is primarily for students, as evidenced by their enthusiasm. This festival is a lot of fun on the ARKA JAIN UNIVERSITY campus. This year, the festival will be celebrated on the 20TH of March 2019. In CAMPUS there was a great arrangement for celebrating this festival of fun and frolic. There was also provision for a DJ. From the beginning, everyone began to congregate on campus. All of us were in proper dresses. The DJ started. Everyone colored in each other's faces. Somebody used cold water. People enjoyed more on dance platform. They were without hesitation because they could not be recognized.

It has become more enjoyable with the very pleasant weather. There were many groups of young people who were making the rounds. Some people didn't know how to properly celebrate Holi. They use cattle dung, mud etc. The students sat in the sun after playing for a while. They took a short break. Chating with friends. Students had a great time, and faculty members had a good time with the other faculty members as well. This is a big festival and everybody should respect its real essence and also maintain the discipline and the decorum of the university.
