One-day National Webinar on “Recruitment & Associated Skills with Digital CV to GD-PI Technics”

Description & Flow of Events

ARKA Jain University, in collaboration with SkillEdge Company had organised a one-day national webinar on "*Recruitment trends and associated skills with Digital CV to GD and PI Techniques*" on 9th September 2020. The objective of the webinar was to address the students on the skill-sets required in the present job-market.

Around 800 participants from different states of the country participated in the webinar. There were two sessions in the webinar. Mr Rohit Ghosh, CEO of SkillEdge was the keynote speaker. He advised the students to learn the skills sought by various companies associated with their stream. The participants got an opportunity to know about the changing job scenario, the importance of soft skills, digital CV, group discussion and personal interview techniques. Mr. Rohit also mentioned about the importance of knowledge in data analytics, big data, artificial intelligence, stack developers and other softwares that are very useful in today's era and are demanded by many recruiters. At the end of this webinar, all the participants were given e-certificates.

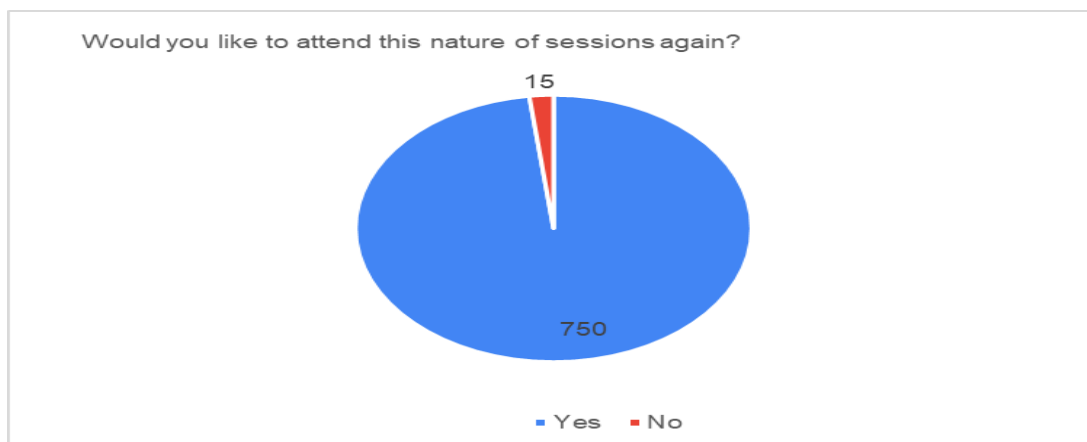

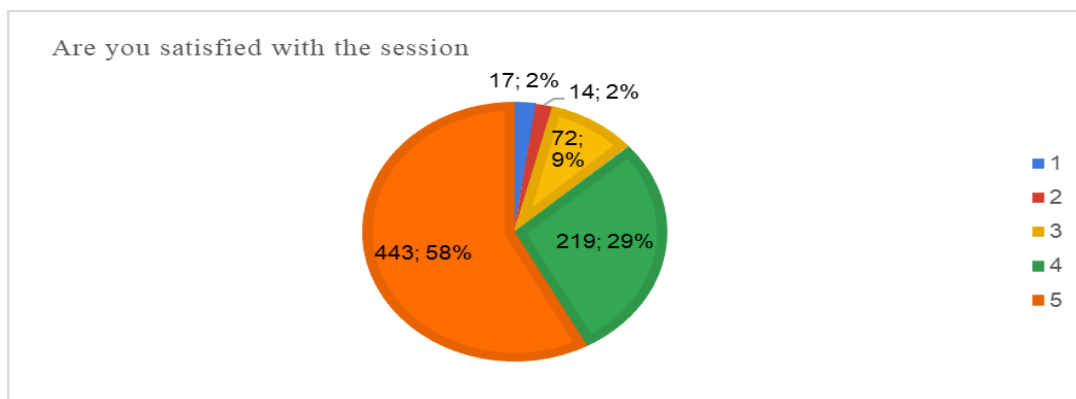

Dr. Sonia Riyat and Mr. Kumar Shubham - the conveners of the webinar, said that the students should utilise the lock-down period in learning new expertise and should enhance their knowledge by participating in online workshops, seminars, courses being organised

by many Indian & Foreign Institutions. The conveners thanked Prof. Dr. S. S. Razi, Vice Chancellor of Arka Jain University, Director Shri Amit Srivastava, Dean Dr. Angad Tiwari, Assistant Dean Shri Ashwani Kuma, and Program Coordinator Dr. Charu Wadhwa for providing valuable insights and platform in organising this webinar. They thanked to all the members of the university for their contribution in organising this webinar.

E-Certificates have been issued by the SKILLEDGE to all the participants.

Summary of the feedback from the participants:

At the end of the session, feedback form was shared with the students. A total of 765 participants submitted the feedback. The summary of the feedback is as follows:
