Industrial Visit

On February 23, 2019, 53 Arka Jain University students were accompanied by the College Faculty, Mrs. Ankita Singh and Mr. Abhishek Upadhyay, to "SPECTRA SUPER ALLOYS LTD." Mr. Rameshwar Upadhyay, the company's Assistant General Manager, warmly welcomed the students, who accompanied them throughout the visit. All of the 60 students, along with faculty members, visited the industry. The students were taught about the industry as well as the entire process of preparing a welding rod. They also told us about the various safety measures which were taken by the company for the safety of the workers. Mr. Ashok Kumar Singh, the company's director, enlightened the students near the end of the visit about how he got the idea to start in this industry. His words were incredibly motivating for today's students. Such interesting and educational visits should be frequently conducted for students to gain practical experience.
