Power Point Presentation on IOT

A one-day Power Point Presentation on IOT was organized on 24^h August 2021. It was organized on online mode using Google Meet platform. The event was coordinated by Ms. Alka Kumari , Mr. Arvind Kumar Pandey, HOD, Dept. of Computer Science & IT.

About the event: In this event, the basic concept of IOT was analyzed that how IOT bringing the processing and storage of data closer to the equipment. IoT helps us work smarter, live smarter, and gain complete control over our lives, but it's also supporting our wellbeing behind the scenes. In addition to our smart home devices, IoT is an essential technology in business and industry, as it gives businesses a real-time glimpse into the inner workings of their company's systems. From the factory floor to the customer's door, IoT delivers insights into everything from machine performance to supply chain and logistics operations. IoT allows companies to automate processes and save money on labor. It also reduces waste and improves service delivery, making it less expensive to manufacture and deliver goods and providing transparency into customer transactions. It also allows companies to reduce costs, increase safety, and improve quality from end-to-end, which translates to a win-win for everybody. As a result, consumer goods are less expensive to produce, shipping is more predictable, and companies can grow, stimulating our economy while delivering a sense of satisfaction we can take to the bank.

13 participants from all over the computer science department participated in this event. There were few participants from other cities.

The session began sharp at 2 pm. The event started with the welcome note by Ms. Alka Kumari, Ms. DivyaPaikaray. Students were participated and presented their topics based on the concept of IOT. The session was of 2 hours and came to a close at 4 PM. The session was followed by a Vote of Thanks. A short Feedback Session was conducted for the participants after which Participation Certificates were awarded to them.
