Report on Impact of Cloud and Edge computing in IOT, Research challenges and opportunities in IOT Held on 10.07.2020

Date of Event	**10.07.2020**
Name and Type of Event	Impact of Cloud and Edge computing in IOT, Research challenges and opportunities in IOT
Conducted by	Ms. Monalisa Hati
No. Of Participant	1868

Impact of Cloud and Edge computing in IOT, Research challenges and opportunities in IOT

There were various kinds of events organized during lock down from the month of July till August, 2020 by the Department of Computer Science & IT. The Activities were coordinated by Asst Prof. Monalisa Hati under the guidance of Prof. Arvind Pandey (HOD,CS & IT). I am privileged to brief one of the events below.

On 10th July, 2020 there was a national webinar on IOT. It was based on the impact of CLOUD and EDGE COMPUTING in IOT & Research challenges and opportunities in IOT. For this event the invited speaker was Dr. Bikash Choudhury.He is specialized in IOT with many years of Industrial experiences. This event was started by 2 pm and continued till 3 pm. In this event more than 2000 participants were joined They were from different states in India like AndraPradesh, UttarPradesh, Punjab,MadhyaPradesh,Karnataka,Bihar, Haryana, Gujarat, Jharkhand, Odisha, West Bengal, Tripura, Manipur,Rajastan, Gwalior, Mumbai, Delhi ,Sikkim etc. and few from Pakistan also. We had a very good number of participants with different working professions like Industry persons, Assistant Professors, Professors, HODs, Teachers, Research Scholars and Students. Number of students from our university as well as Faculty members had participated in this event.
