

**Report on Power point presentation on Data Mining Held on**

**20.02.2020**

<b>Date of Event</b>	20.02.2020
<b>Name and Type of Event</b>	Power point presentation on Data Mining
<b>Conducted by</b>	Ms. Divya Paikaray, Mr. Arvind Kumar Pandey
<b>No. Of Participant</b>	15

For enhancing student's knowledge in data mining , a presentation was conducted on 20 February at 9:00am in college campus. This presentation was specially programmed for MCA 4<sup>th</sup> sem students. Each student had to present a deep information in his/her respective topic related to data mining.

The main purpose of this presentation was students will search a particular topic of their interest, gain a deep knowledge, and promote his / her interest.

Students don't learn only a single field but by attending sessions they also learn about different-different field. This was also helpful to improve their way of presentation and speaking.

The session was very informative. Each student has something new and interesting to share. These are the topic presented by students:

Graph mining by Divya diksha , Market analysis by Puspendra kumar, Multimedia analysis by Mashira Firdous , Air index quality by Priya Bhattacharjee , Crime analysis by Sweta Choursia , Frowd detection by Aarsi Kumari , Search Engine Optimization by Kiran Hasda , Big data by Khushboo Kumari , Customer relationship management by Rajeshwari Patro , Social Network by Neha kumari and many more.
