

**Report on Workshop on “Thesis Writing” Held on
30thNovember 2021**

Date of Event	30thNovember 2021
Name and Type of Event	Workshop on “Thesis Writing”.
Conducted by	Dr. Padmaja Tripathy
Number of Participants	90

The Resource person **Dr. Padmaja Tripathy** is Assistant Professor of the School of Science and IT, ARKA JAIN University, Jamshedpur.

She has completed her Ph.D. in Mechanical Engineering from National Institute of Technology, Rourkela in the year 2020. She has 3.5 years of experience in academia and research. She has published **06** research paper in well reputed international peer reviewed journals, **05** book chapters, **08** national and international conferences. Apart from her research work she is actively involved in teaching engineering students. Currently she is working as an Assistant Professor in ARKA JAIN University, Jamshedpur.

The speaker gave informative and illuminating lecture with valuable content. The session was very valuable for B.Tech. and Polytechnic students. The importance of doing project during final year B.Tech and polytechnic. This has helped the students to select the project topic and how to write a thesis at both the undergraduate and diploma levels. A thesis may be analyzed into three S's: structure, substance and style. Structure confers logical coherence; substance, significance and depth; and style, elegance and appeal. The students were demonstrated to state their hypothesis clearly, ensuring that it is both reasonable and testable. Keep meticulous records and write up rough drafts of their work as they go along. Begin writing their thesis proper with the experimental chapters. Then, Progress to the literature review, introduction, and conclusions has also been explained. An instruction has been given to students to write the summary or abstract at last. Students were instructed to write clearly and directly for better explanation of the concepts. Following layout guidelines, format of the thesis and check spelling and grammar were also instructed.

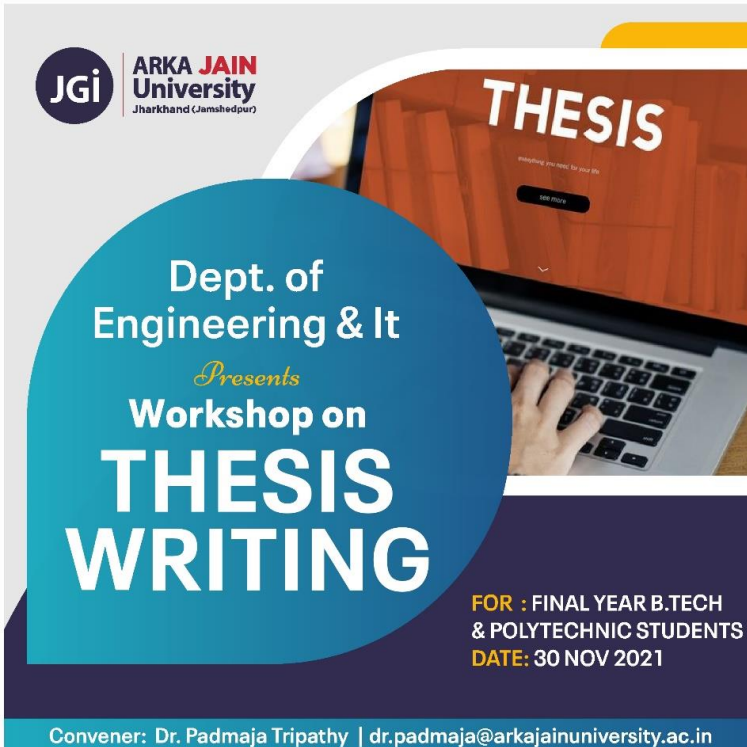

About the Speaker:-

Dr. Padmaja Tripathy is Assistant Professor in the School of Engineering & IT. She has completed her Diploma in Tool & Die Making from Central Tool Room & Training Centre, Bhubaneswar. Afterwards she has completed her B.E. in Production Engineering from Sinhgad College of Engineering, Pune. She has also qualified GATE in Industrial and Production engineering with All India Rank 215. She completed her M.Tech in Manufacturing Engineering and Automation from College of Engineering, Pune. Thereafter, she has completed her Ph.D. in Mechanical Engineering from National Institute of Technology, Rourkela in the year 2020. She has 3.5 years of experience in academia and research. She has published **06** research paper in well reputed international peer reviewed journals, **05** book chapters, **08** national and international conferences. Apart from her research work she is actively involved in teaching engineering students. Currently she is working as an assistant Professor in ARKA JAIN University, Jamshedpur.

Venue and Participants:-

Workshop was conducted on Seminar Room, Block C. **Total participants attended were 90 from final year students of B.Tech. and Diploma.** Total numbers of attendees were 90.
