No. of Participants	78 (Including 2 from Jain University, Bangalore & 4 Members from T&P Department)

INTRODUCTION

The 13th Event held under LAKSHYA Series of Expert Talks, Held on: 14th January 2021, was based on how one can successfully plan his/her career and become successful in life by mastering a few skills. The webinar was exclusively held for the students of MBA (Both years) who will soon be a part of the corporate world. The dignified speaker who happens to be a veteran in his specific field spoke at length about various topics and shared his own experiences. The event gave the students a fair idea about the current corporate trends and the basic skills and traits one must have to secure a successful corporate career.

The AJU T&P Dept. joined hands with Jain University, Bangalore to rope in such a senior corporate personality to directly interact with the students. The event was intended to instill more confidence by interacting with a senior person and learn by listening to his own success story. Mr. Katti clearly said in the beginning itself that "It is not necessary to commit the mistakes first, then learn.....One may learn from mistakes committed by others too".

WEBINAR STRUCTURE

This virtual session was organized and hosted for the students of MBA; Passing Year 2022 & 2023 by the Training & Placement Department in association with Jain University, Bangalore. The students from AJU and JU Bangalore participated in the event held online. The speaker encouraged the students to actively participate in order to establish a 2 – way communication as he touched the nuances related to the topic.

ABOUT THE SPEAKER

Mr. Naryan Katti is the Senior Vice President Engineering & Head of India Operations with ENTOMO (Formerly KPISOFT Technologies). Mr. Katti is a Senior Management IT & Business leader with **over 30 years of industry experience.** During his stint he has successfully managed large business portfolios and has a significant flair and passion for Digital and Automation technologies. Won, initiated and managed large engagements in Cloud, Analytics, Mobility and related Digital technologies. **Has worked extensively at offshore in India and also at Onsite in the US, UK and Middle East.**

Has significant experience in building and managing large teams (upwards of 1000+ people) and also large Offshore Development Centers.

KEY TAKEAWAYS

Participants listened intently to the speaker, raised many questions and provided comments regarding the Webinar's scope and how it connects with the broader picture. The distinguished speaker ensured that he **patiently answered to all the questions elaborately**. These questions and perspectives were taken into consideration by the Training & Placement Department too for much better curriculum modification regarding placement activities.

The speaker spoke and discussed in detail about "The 10 Commandments" he normally follows.

The key statements, quotes and points:

- ❖ The speaker spoke and discussed in details about "The 10 Commandments" he normally follows in life.
- ❖ One must have clear-cut goals and objectives in life – Well defined Short-term, mid-term and long term goals with clear idea.
- ❖ Every job is important in today's scenario. One should not shrug off at least in his/her initial years. No job is low or easy.
- ❖ One must be open to learning – Life is a long journey and one must learn every day.
- ❖ One must be keen observer and a quick learner – Keep your eyes and ears open.
- ❖ He also spoke about the importance of time. One must be punctual and should respect others time as well. Share his experience of working with Mr. Azim Premji (WIPRO) who would always reach 5 minutes before every meeting.
- ❖ Passion – One must be passionate about his/her job. Build a passion and continue to build passion.
- ❖ Take Risks – One must not be afraid of taking risks. It is important to take calculated risks.
- ❖ It is important to have introspection and check points to understand where you are. This has to be very personal. Try to write it in your diary.
- ❖ One must not regret on past failures rather should learn from the mistakes and move on.
- ❖ Spoke about the importance of Listening. One should not listen merely to answer or counter the other person. One should listen to understand. If there is a disagreement, you may courteously say, the sentences like "OK. I have heard you, this is my point of view" or "Let's agree to disagree". One should not get defensive every time. Listen, understand and then calmly put your point of view.
- ❖ Spoke about the importance of having Role Models in life. There is no harm in having more than one role model.

PROGRAM
