

Report on Webinar on Overview of Data Science in Computer Applications Held on 13.01.2022

Date of Event	13.01.2022
Name and Type of Event	Webinar on Overview of Data Science in Computer Applications
Conducted by	Ms. Alka Kumari, Mr. Arvind Kumar Pandey
No. Of Participant	104

A one-day National Webinar on ***Overview of Data Science in Computer Applications*** was organized on 13th January 2022. It was organized on online mode using Google Meet platform. The speaker of the event was Ms. Divya Paikaray , Assistant Proferssror in the Dept. of CS & IT at ARKA JAIN University, Jamshedpur. The webinar was coordinated by Ms. Alka Kumari, Dept. of Computer Science & IT.

About the Speaker: The speaker for the event was Ms. Divya Paikaray has over 2 years of work experience in teaching. She is also an eminent speaker in Computer Science topics. She has done her B.Tech from NIST Orissa. She has also completed her M.Tech from BIT Mesra. She is pursuing her Ph.D. from NIT Jamshedpur. She has published many research papers in Machine Learning and Image Processing. Her research area is Machine Learning and Image Processing.

About the event: In this event, the basic concept of Machine Learning with Big Data Analytics was analyzed that how big data analytics creates a logical step for companies looking to maximize their data's potential value using Machine learning tools with data-driven algorithms and statistical models to analyze data sets and then draw inferences from identified patterns or make predictions based on them.

Total 99 participants from all over the computer science department participated in this webinar. There were few participants from other colleges and Universities.

The session began sharp at 10:00 am. The event started with the welcome note by Ms. Alka Kumari. After the inauguration speech, Ms. Divya Paikaray took over the session and shared her knowledge and information on Machine Learning concept with Big Data Analytics. She also explained the concept of computer applications along with its advancement with the concept of Big Data Analytics and Machine Learning. The session was of 2 hours and came to a close at 12:00 PM. The session was followed by a Vote of Thanks. A short Feedback Session was conducted for the participants after this Participation Certificates were awarded to them.
