Number of Participants	30

Mock Interview for Final year students

The idea of conducting Mock Interview for the final year students was initiated by Dr. Padmaja Tripathy and Syed Rashid Anwar, and was well received among the students. The aim of this event was to create an ambience where students can participate and feel the situations and challenges related to a formal job interview. It was also aimed at finding out the strengths and weakness of an individual. The interview constituted a series of various aspects such as Ice Breaking session, Technical Round, and HR round. The students got a taste of what and how an interview is to be faced and all the technical aspects of it. The students were judged on different parameters such as communication skill, confidence, personality, body language, subjective knowledge and their decision making skills.

The idea behind this event is to constantly and continuously groom the students and make them confident and ready for the interview. They were instructed on how to overcome from nervousness and have confidence. Some suggestions were also given to the students for developing their personality and improve their body language.

Venue and Participants:-

The Mock interview was conducted on 28.02.22 at Block-C Room No. 305 and Room no 402. A total of 45 students had registered out of which 30 Students participated. The event was conceived and coordinated by Dr. Padmaja Tripathy and Syed Rashid Anwar, and supported by Gouri Shankar Paul, and Dr. Anup Kumar.
