Jamshedpur

Tatanagar is the largest and most populous city in Jharkhand and first planned industrial city in India. It was ranked as the cleanest city of India in the year 2019.

Carpets of lush green roll out onto well-laid out perpendicular roads in this planned urban city of Jharkhand. Located in a plateau, Jamshedpur is surrounded by hills and is bordered by two rivers, giving it a far more picturesque setting than many believe. Founded by Jamshetji Tata, it is India's first industrially planned city and is perhaps one of the country's most important ones. With a number of major factory plants here, the city sees an inflow of immigrants from all over the country. It is also known to be one of the fastest growing cities in India, and definitely one of its cleanest. ARKA JAIN University is situated 13 kms from steel city, Jamshedpur at Gamharia.
