## PARENTS SPEAK

### MR & MRS. SURANJAN DAS

I feel very much confident after discussing with the Dean of School of Pharmacy and the associated faculties regarding the progress of my daughter. They assured me that the sincerity, regularity, obeying nature of the student to the instructions by the teachers will definitely make the student successful in achieving the target. I also realize that I undoubtedly have taken the right decision by choosing School of Pharmacy for the career of my daughter.

### MR. AJAY KUMAR SHARMA

To be honest my daughter has never enjoyed Science, it used to be his least favourite subject, and now she not only looks forward to it but is invested in it and is talking about experiments and what they are learning. Family members have stopped in on two different occasions this week and when asked about how school is going she has talked about Science without being prompted in any way. That is what actually made me think to send you this feedback.

## STUDENTS SPEAK

### MISS ANJALI GUPTA B. Pharm 2019-23

Albert Einstein well said that (Education is not the learning of facts but the training of the mind to think.) and here in ARKA JAIN UNIVERSITY the students are taught how to think, not what to think. It's been amazing so far to be a part of this University.

### MISS RAGGHEE BHATTACHARYA B. Pharm 2019-23

Humans have the ability to rise above any situations, because life is what you make of it. This belief of mine went to another level after entering in to ARKA JAIN UNIVERSITY. Teaching environment is very student friendly with world class infrastructure and well equipped laboratories. Teaching here is not limited to classrooms and laboratories more over we enjoyed industrial visit for gaining practical knowledge, the co-scholastic area is also very encouraging for the complete development of a student.
