Department of Journalism and Mass Communication organised a visit to All India Radio, Jamshedpur for the students on 23rd December 2017.

The motive of this visit was to bring forth young talents by exposing them with the work culture and show production of All India Radio. Considering lot of employment opportunities in radio field this visit was organised for the students.

This visit exposed students with radio show recording, radio script writing, radio show production etc. Considering the employment possibilities in radio, organising this visit in such programs helped the students to get exposed with radio professional world. During the visit the students got a chance to meet the experts of All India Radio, Jamshedpur.

An interactive session was also organised between JMC students and the radio professionals of All India Radio. In this interactive session there was a question and answer session. The students cleared their doubts related to radio profession, radio programme production, voice-over training, how to maintain creativity in radio shows etc. The radio experts from All India Radio cleared all their doubts by answering all the questions of the students. This question and answer session was very much productive for the students.

Students were also exposed to different departments of All India Radio and they got the awareness about different departments and the working of different departments. Students also got exposed to the working culture of All India Radio and about its various departments.

Tushar Singh ‘A student of JMC department said ‘The visit to All India Radio is very productive for all the students because we learned the work culture of radio. We also got an opportunity to meet the radio professionals who cleared our doubts related to radio profession and radio show production. This visit built more confidence among the students to become a radio professional.’

Students learned a lot during this visit. It was a productive visit for all the students of department of journalism and mass communication who came to know about different opportunities, radio production and radio work culture during this visit.
