Discovery of Drugs from Doctrine of Signature to PHARMACOGENOMICS

The doctrine of signatures, dating from the time of Dioscorides and Galen, states that herbs resembling various parts of the body can be used by herbalists to treat ailments of those body parts. An Online webinar conducted by School of Pharmacy, ARKA JAIN University. Faculties and the students along with other participants from different Pharmacy institutions have attended. Dr. Shakti Ketan Prusty, Faculty of Pharmacy, School of Pharmaceutical Sciences, Siksha ‘O’ Anusandhan University, Bhubaneswar is the resource person to share his knowledge in this topic on zoom application.
