

Date of Event	28th January 2022
Name and Type of Event	Mathematics Olympiad on Number System
Conducted by	Mr Sushil Hasa
Number of Participants	367

Mathematics Olympiad on Number System

The Resource person Mr. Sushil Hasa is Assistant Professor of Mathematics of the School of Science and IT, ARKA JAIN University, Jamshedpur.

He has completed his MSc. in mathematics from LPU Jalandhar Punjab. He has 9 years teaching experience in academia. Apart from he is actively involved in teaching engineering students. Currently she is working as an assistant Professor in ARKA JAIN University, Jamshedpur.

The Event was very valuable for B. Tech, BCA, MCA and Polytechnic students. Importance of Math Olympiad Math Olympiad **improves the mathematical ability and competitive skills of students**. It enables them to explore their strengths and potential. Mathematics plays an indispensable part in the everyday life of every human being. With the impact of technology in today's world, mathematics has played an insignificant role in shaping the society. From time management to budgeting, mathematics is involved in all spheres of life. It is known to inculcate critical thinking, reasoning and problem-solving ability in an individual. It acts as an efficient and effective mechanism meant to make our lives easier. Math Olympiad is one such platform which students can utilize to their benefit in becoming proficient in the subject. It provides students with an opportunity to master their concepts and comprehend tricky questions effortlessly. This exam provides them with conceptual clarity and encourages them to imbibe critical and analytical thinking..
