

Report on – A Field Visit to Community Health
Centre, Gamharia, Jamshedpur Held on –
18/10/2022

Date of Event	18.10.2022
Name and Type of Event	A Field Visit to Community Health Centre, Gamharia, Jamshedpur
Type of Activity	Non-academic/ Academic (An Outreach Technical and Skill Development Activity)
Conducted by	School of Pharmacy
No. Of Participant	33

OBJECTIVE: To understand and witness the various hospital and clinical pharmacy services provided by the healthcare facility *i.e.* how it is functioning and how to manage the use of medications in hospitals, and to observe how the prescription, procurement is handled and counseled to the patients; delivery, administration and review of medications to optimize patient outcomes.

DETAILS: The students of School of Pharmacy visited the Community Health Centre, Gamharia, Jamshedpur on 18th October 2022. Students with their Class coordinator Miss Rashmi Tirkey, Mr Sumanta Sen, Associate Professor and attendant Pradeep Mandal left for the Hospital visit at 11:00 AM from campus with University transport system. Hospital visits are mandatory to understand the role of Patient Relation Associate and functioning of the hospital. A community health center is a not-for-profit, consumer directed healthcare organization that provides access to high quality, affordable, and comprehensive primary and preventive medical, dental, and mental health care. A community pharmacy is a healthcare facility that is able to provide pharmacy services to people in a local area. Students also understand how Hospital pharmacists coordinate post-discharge care to prevent adverse events. At discharge, pharmacists ensure there is an accurate and updated medication list communicated with patients and their providers. The students also observe how patients are counseled and how prescription is handled by the pharmacists and also how medicines are distributed. Students instructed to submit a report about the experience of visit. **Diagnostic Activity:** It includes the inpatient services involving medical, surgical and other specialties and specific diagnostic procedures. The students visited X-ray department and Pathological lab. **Labour room:** Only the female students were allowed to this room. The students were shown the KMC(Kangaroo mother care) room where a proper care is given to the newborn baby and taught how baby should be kept between the mother's breast and constant skin to skin contact. Various equipments used were also shown-**Episiotomy Tray** which includes Inj. Xylocaine 2%, Artery forceps, allis forceps, Sponge holding forceps, toothed forceps, thumb forceps, kidney tray, gauze pieces, cotton swabs, antiseptic solution, gloves. **PPIUCD Tray** which includes PPIUCD insertion forceps,

Sims Speculum, sponge holding forceps, Cu IUCD 380A IN sterile pack, Cu IUCD 375A in sterile pack, Cotton swab, Betadine Solution.

TAKEAWAY (OUTCOMES): Students could understand various hospital policies, values of visiting hours, patient counselling, prescription handling, idea about various areas like registration, outpatient dispensing, dressing, ambulance service etc.

Poster:

The poster is for a field visit organized by the School of Pharmacy at ARKA JAIN University, Jharkhand (Jamshedpur). It features a circular inset image showing students in white lab coats and masks interacting with people at a health center. The background is orange with white and brown text and graphics.
