**DETAILS:** Pharmacists represent the 3rd largest healthcare professional group in the world and in India today there are more than 10 lakh registered pharmacists working in various positions, applying their unique knowledge and skills, contributing to the health of the nation. Since many pharmacists work silently behind the scenes, there arises the need to recognize and reward their substantial contribution to the society. Hence the PCI has decided to celebrate “Pharmacists Day” in order to make the public and health care professionals aware that pharmacists are important members of the health care team, and there is a need to make the best use of their services in order to improve patient’s quality of life. PCI encourages all State Pharmacy Councils, Pharmacy Institutions, Pharmacy professional organizations and all Pharmacy professionals to plan and implement activities that promote and advocate for the role of the pharmacist in improving health in every corner of India. Promotional campaigns connecting to media and most notably interaction with patients and the public are key ways in which we can make the best use of “Pharmacists Day” for benefit to both the profession and the society. With the guideline of Pharmacy Council of India under the regulation of Ministry of Health and Family Welfare School of Pharmacy was celebrating the Pharmacists day on 25<sup>th</sup> September 2022 and conducting a rally in Bistupur circle by the students of School of Pharmacy, ARKA JAIN University, on 24<sup>th</sup> September

**TAKEAWAY (OUTCOMES):** Pharmacist Day is all about honouring our pharmacist friends, all those men and women, who are an integral part of the medical care. The day is about saying them “Thank You,” the words that they don’t get to hear too often. Let’s take the day as the perfect occasion for thanking them for being in the front lines of pharmacy, and having lots of patience and compassion. Let’s thank them for being committed and dealing with love and sympathy to rude patients, reading the doctors handwriting and for smiling always, in spite of working that extra hour.
