Report on– HAR GHAR AYURVEDA
Held on – 22.11.2022

Date of Event	22.11.2022
Name of the Event	HAR GHAR AYURVEDA
Type of the Event	Technical and Life Skill Development Program
Conducted by	ARKA JAIN University, Hosted by School of Pharmacy
No. Of Participant	44 students and 79 visitors

OBJECTIVE: HAR GHAR AYURVEDA aims to propagate benefits of Ayurveda to the larger and grass root community that helps us to generate awareness about ayurveda at household level.

DETAILS: Predictive disease prevention, illness management, and the individualised promotion of improved quality of life are all central to Ayurveda's mission of promoting and sustaining strong health. Ayurveda, one of the oldest and best-documented medical practises, has its origins in ancient Indian texts. On 22nd November 2022 at 11:30 AM, an exhibition was organized by the ARKA JAIN University at every house and launched an awareness campaign on Ayurvedic medicines used in homes and their benefits, so that it is understood that if we consume medicines with medicinal properties in the right quantity through daily use, then there will be no diseases. On this occasion, pharmacy students displayed posters and homemade Ayurvedic medicines and explained their benefits in detail to all who came to the exhibition. Vice-Chancellor Prof (Dr.) SS Razi, Director Mr. Amit Kumar Srivastava, Director Campus Dr. Angad Tiwari, Registrar Jasbir Singh Dhanjal and Dean of School of Health and Allied Science Dr Jyotirmaya Sahoo inaugurated the exhibition. Vice-Chancellor Prof. (Dr.) S.S. Razi in his address said that Ayurveda promotes home remedies and home remedies or home remedies are the method of treatment of any disease in which daily use things available at home like turmeric, celery, clove, cardamom, lemon, coriander, garlic, onion, basil, vegetables or easily available ingredients are used. Director Amit Kumar Srivastava said that the Ministry of AYUSH, Government of India, has a project to give Ayurveda the form of a mass movement through public message and public participation, in which all of us should participate. Large number of students and faculty members participated in the

session. Event coordinator Dr.Shweta, Assistant Professor, School of Health & Allied Science thanked everyone who came to the exhibition.

TAKEAWAY (OUTCOMES): Utilizing Ayurveda's potential, we can lessen the severity of disease and its associated mortality and morbidity. Highlight Ayurveda's benefits and distinguishing treatment tenets to convince sceptics. Increase people's faith in Ayurveda. Raise modern youth's consciousness and spread Ayurvedic medicine throughout the world. Raise people's consciousness of Ayurveda's status as a scientific medical system supported by evidence. That's quite justifies *SwasthyaKaKalyaan, AyurvedhaiVardaan*.
