COMPANY PROFILE:

D. E. Shaw India was founded in 1988 over a small bookstore in downtown New York City, the D. E. Shaw group began with six employees and $28 million in capital and quickly became a pioneer in computational finance. In the early days of exposed pipes and extension cords, tripping on a cable could take out our whole trading system. Today, the firm has more than 2,000 people around the globe and an institutional-grade (and trip-proof) infrastructure, but we still value creativity, entrepreneurship, and the spirit of discovery.

The firm prizes a culture of collaboration across disciplines, geographies, and investment strategies. Experienced leadership and diversely talented minds chart our course. Analytical rigor, an open exploration of ideas, and a relentless pursuit of excellence drive us forward.
