Report on– Invest a Plant Today on Your Planet and Insure The
Future In Association with NCC & NSS of AJU
Held On 1st March 2023

| | |
|----------------------------|---|
| Date of Event | 01.03.2023 |
| Name of the Event | Invest a Plant Today on Your Planet and Insure The Future |
| Type of the Event | Environment and Sustainability |
| Conducted by | Bhesajam the Pharma Club of School of Pharmacy, NCC and NSS of AJU |
| No. Of Participants | 30 |

OBJECTIVE: Plants not only provide us food and shelter but also give oxygen, filter carbon dioxide, prevent soil erosion, maintain the ecological balance and many more. Hence people need to aware to save plants instead of sacrificing them and to go for more and more planation.

DETAILS: On 1st March 2023 Bhesajam the Pharma Club of School of Pharmacy outreached to Mohanpur village adopted by ARKA JAIN University to conduct an awareness event to care the plants for the protection of environment entitled as “Invest a Plant Today on Your Planet and Insure the Future”. The NSS and NCC of AJU associated for the smooth conduction of the event. Dr Manav Plaza, horticulture specialist gifted mahogany plants “*Swietenia mahagoni*” belongs to family meliaceae is tree available mostly in India, Southern Florida, Cuba, Jamaica, Hispaniola. Tree plantation is significant because it is linked to our basic need for good food to eat and clean air to breathe. Aside from these necessities, they preserve biodiversity, conserve water, preserve soil, and control climate, among other things. On an average, one fully grown tree produces nearly 117.934 Kilograms of oxygen each year. A human breathes about 9.5 tonnes of air in a year, but oxygen only makes up about 23 percent of that air, by mass. Minimum cost of oxygen per litre starts from 700 INR. Keeping all these benefits in view Bhesajam the Pharma Club of School of Pharmacy planned to initiate awareness among the people to make them educate regarding various benefits of plants and conducted the event “Invest a Plant Today on Your Planet and Insure the Future”. Students and faculty members joined to conduct the event. Dr. Manoj Pathak and Dr Arvind Pandey from NSS and NCC of ARKA JAIN University coordinated the event. Dean Dr Jyotirmaya Sahoo expressed his gratitude to the people of Mohanpur for their support for their cooperation in the plantation program. Ms Chinmayee Behera, Dusmanta Mahanta and Barun Mandal coordinated the event.

OUTCOMES: Total plantations of 25 plants were done. If plants will survive then the environment can able to get the oxygen of costing $117.934 \times 700 = 82,553 \times 25 = \text{Rs}$

ARKA JAIN
