## <u>Report on– Pariksha Pe Charcha 2023 by Honorable Prime Minister</u> <u>Sriman Narendra Modiji</u> <u>Held on – 27.01.2023</u>

Date of Event	27.01.2023
Name of the Event	Pariksha Pe Charcha 2023 by Honorable Prime Minister Sriman Narendra Modiji
Type of the Event	A Participative Learning Program for the Skill Development (Slow Learner/ Advance Learner)
Conducted by	Courtesy School of Pharmacy
No. Of Participant	57

**OBJECTIVE:** To bring together students, parents, teachers and the society to foster an environment where the unique individuality of each child is celebrated, encouraged and allowed to express itself fully.

**DETAILS:** On January 27, 2023, Prime Minister Narendra Modi interacted with students, parents and teachers through 'Pariksha Pe Charcha' program. About 80 winners of Kala Utsav competition and 102 students and teachers from across the country are involved in this programme. Apart from this, students, teachers and parents across the country can watch PM Modi's 'Pariksha Pe Charcha' on media networks . PM Modi, through this program, is telling the tricks of better preparation and removing the fear of board exams from the minds of the students. This year around 38.8 lakh students have registered for Pariksha Pe Charcha 2023, which is double the number of students (15.73 lakh) registered last year. In the direction of Pharmacy Council of India and Ministry of Education the Dean of School of Pharmacy Dr. Jyotirmaya Sahoo, organized the needful to view the telecast of the live programme PARIKSHA PE CHARCHA from Talkatora Stadium at JEH auditorium of the University. It was wonderful experience by the students to hear the words of encouragement from the Prime Minister of India. The intakes from the knowledgeable session by honourable are as follows

• Hard work is necessity to success but consistency is more important:

While addressing a student, PM Modi suggested to do smartly hard work.

• Being Average is fine:

Realising the facts and understanding self-skills and strengths will help to focus a unidirectional goal. Instead of pretending to be someone else and face unnecessary pressure.

• Honourable PM said One life, Win it and Live it. Take immense leap as average creates bigger greater then greats.

- How to Deal with Stress:
- Given mantra of digital fasting:

PM Modi stated that there will be no tension if we focus on our potential. If one train departs from the station of life, another will arrive. Any exam is not the end of the world. We must make a commitment to eliminate stress. There is no need to be concerned about the outcome. PM Modi told the children that there is a mantra of fasting in our Arogya Shastra. In the changing times, now we need digital fasting. Now we are seeing that in the same house mother, father and son are all busy with their mobiles. Earlier people used to gossip while traveling, but now they use their mobiles. You should also decide an area in your house which is called no technology zone.

Cheating is a work of strategic and creative mindset :

If channelized in the right way, it can make wonders to the society. Making the cheaters realise that the shortcut for one day may cut you short in long term.

• Your inner strength will take you ahead:

The PM told the children that even if someone cheats and gets a few more marks than you, it cannot become an obstacle for you in life. Trust your inner strength.

• Learn time management from mother:

The PM told the children that even if someone cheats and gets a few more marks than you, it cannot become an obstacle for you in life. Trust your inner strength.

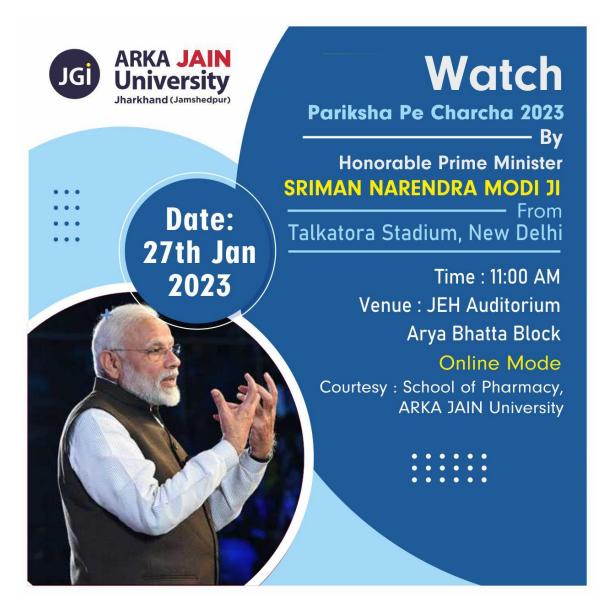

• Learn time management from mother:

Dr Shweta, Ms Chinmayee, Mr. Barun, Mr. Pradeep and Mr. Dushmant coordinated to organise the needful for viewing **'Pariksha Pe Charcha 2023'**.

**OUTCOMES:** Learn to leave the stress and nervousness behind and get ready to set those butterflies in the stomach free. Prime Minister's interaction with the students definitely will make the students bold to face any kind of examination in life and at the same time also taught parents and teachers how to deal with the students or kids to make them fear free.
