Our health is very important for us and helps us remain fit. We should take proper care of our health in order to live a healthy life. Staying healthy means we should have a healthy mind along with a healthy body as both are equally important. Health is the state of being physically, mentally and emotionally well of a person. Health is a valuable resource to lead a good life. Genetics, weather conditions, education are few factors which directly affect our health. Cleanliness is the most important element to lead a healthy life. Stress is the state of mind which directly affects health and leads to detrimental consequences. Laughter is the best medicine for stress as it decreases the stress hormones and boosts the immune system. Exercise not only makes a healthy body but also helps to fight stress and makes our mind more alert. Malnutrition is the cause of ill health for the poor population in India. A sedentary lifestyle and junk foods have made the younger generation unhealthy. Balanced diets, clean drinking water, proper sanitation, regular check-ups are a few measures to attain good health. Dr. J. Majhi, Civil Surgeon and Dr Alok Ranjan Mahato ACOMO was the Chief Guest; Dr R. N Jha Deputy Superintendent was the Guest of honour; Mr Amod Kumar Pharmacist was the Guest of honour from Sadar Hospital, Khas Mahal, Jamshedpur, Jharkhand. Miss Bidisha Satpathy and Miss Srishti Shreya coordinated the event. Event was ended with vote of thanks by Mr Sumanta Sen and National Anthem.
