## SESSION ON ANTI-RAGGING AWARENESS

**Prof. Ashwini Kumar**, Asst. Dean of School of Engineering & IT and Member Anti Ragging Cell, AJU, in his welcome note briefed about the **Anti-Ragging Cell** of the University. Session took place on 22<sup>th</sup> September where the details of the cell were given and even discussed about the importance of it. The several criteria's were well illustrated among the students. The cell performs actions to prevent any physical or mental torture or any kind of absurd activity in the campus. Ragging is a systematic human rights abuse practiced by the seniors on the fresher so as to exert their dominance over the juniors. Let us put a stop to ragging and make a difference by joining hands. Department of Engineering believes in Student environment Ragging free atmosphere.

## SESSION ON HUMAN VALUES

Department Of Engineering in their Induction and orientation program AARAMBH conducted a Session on **Human Values** on dated 18<sup>th</sup> October by **Prof. Perna Rai** , Assistant Professor, Department of Engineering for students to familiarize with how to be a good human being, and a good citizen of the nation along with the syllabus, the basic values of being human are the inherent values of human ethics that is truth, honesty, loyalty, love, and peace is the key which brings out the fundamental goodness of humans. Being human it is important to understand some core values, it is essential to understand what is right or wrong in terms of every aspect, the behavior of one is observed by their way of treating others, handling situations understanding one's ability. Being a motivator, influencing others to deviate positively, the attitude towards life and living beings. Learning from one another the skills of peace-making, observing the good in each, and trying to bring the best from within oneself. Each one should improvise by being true to themselves, and being loyal to their goals, life, education, family, and nation. We should respect others' opinions, and not judge anyone by their caste, religion, gender, political-economic, social or physical personality.

**School of Engineering & IT**

**Held from 22.09.2022-28.09.2022**

<b>Date of Event</b>	<b>22.09.2022 - 28.09.2022</b>
<b>Name of the Event</b>	<b>AARAMBH 2022 An Orientation and Student Induction Program for Diploma 2022-2025</b>
<b>Type of the Event</b>	<b>Soft Skill Development Program</b>
<b>Convener</b>	<b>Prof. Ashwini Kumar</b>
<b>Conducted by</b>	<b>Dr. Binod Kumar Choudhary</b>
<b>No. Of Participant</b>	<b>302 (all diploma program)</b>

**Objective:** The objective of the orientation program is to create students' familiarity with the institution's regulations and academic standards and acquaint the students with their classmates and faculty members. To enjoy the joy of learning, withstand peer pressure, and decision-making, understand the value of relationships, realize the value of others' emotions, to be sincere and woeful to colleagues is the rationale of the Induction Program. To increase self-awareness, sensitivity, and understanding of oneself, others, society, and nature. To foster holistic development by exposing students to a diverse range of curricular, co-curricular, and extracurricular activities. To provide them with an ease of transition to mainstream engineering courses through the introduction of the institution's ethos and culture. To assist participants in developing progressive and emotional ties with peers and faculty members in order to self-explore and comprehend the broader objective. To instill the ideals of health and hygiene, as well as to help children understand the power of inner strength. To modify and reform foundational principles in order to address gaps and sensitize them to investigating their academic interests and aims for academic achievement. To increase self-awareness, sensitivity, and understanding of oneself, others, society, and nature. Foster holistic development by exposing students to a diverse range of curricular, co-curricular, and extracurricular activities. The aim of student of induction program Students Induction could cover a number of different aspects (**SAGE**): **S**ocializing **A**ssociating **G**overning and **E**xperiencing.

**Details:** The objective of Student Induction Program is to help new students to adjust and feel comfortable with the new environment and to know about the culture of the institution. The Six days, which lasted from the 22th September 2022 to 28th September-2022, marked the implementation of the induction program more than 257 entrants from the Computer, Electronics and Electrical, and Mechanical divisions participated enthusiastically and benefited from the program. To smooth their transition to the core engineering program, they were given a basic overview of many aspects of engineering as well as job options in the area, as well as the college's systems and processes. They were educated about the potential extent of the arena in which they had chosen to succeed. The college committee for the Induction Program invited experts from several major industries and prestigious institutions to interact with the entrants and brief the students on their knowledge in various sectors. Along with expert discussions, the students were exposed to village tours and industrial trips to cater to both their social and technical learning needs help of Induction Program and the candidate can be stable to realize the larger purpose. It helps to build the bonds with the students of former batch and faculty members. It helps to build a friendly environment with the students and teachers so that student can be comfortable to be opened before the teacher with a positive aspect. Student can get opportunity to know the scope of the course on which he/she has taken admission from different resources and can develop his confidence towards the course in which he/she has taken admission. The diversifying thoughts of the student can be focused into one single point by the ultimately, the student can develop a faith towards the institution and will be dedicated for its name and popularity. Information regarding regular classes, practical, timetable, uniforms, institutional policies, rules and regulations, academic and non-academic activities *etc* can be availed by the candidate in the Induction Program. The induction and orientation program being jointly organized by Department of Engineering, School of Engineering & IT and Institute Industry Interaction Cell (IIIC) and MoU partners of ARKA JAIN University with eminent powerful resources from Industry and Academia. The weeklong event was energized the students with powerful speaks by dynamic resources. The inaugural session was held on Sep 22, 2022, in the Auditorium of Block A the function began with the lighting of the lamp by the dignitaries followed by Saraswati vandana and Ganesh vandana performed by the students. the Student Induction was inaugurated by lamp lighting by the honorable VC of AJU Dr. S.S Razi, revered Director Mr. Amit Kumar Shrivastava, honorable Registrar and DSW of AJU, honorable CFO Richa Madam, Controller of Examination, Dean and Program Coordinators of respective Schools and Departments, teaching and nonteaching staff members, media personnel and above all new students and their parents. The Asst, Dean of School of Engineering welcomed the dignitaries by offering them a green pot. The Vice Chancellor in his speech addressed to the new comer. He motivated the students as to how great heights can be scaled even in adverse situations, through uncompromising goal setting, hard work, dedication and determination.

Prof. Ashwini kumar the Asst, Dean of School of Engineering & IT in his welcome note briefed about ARKA JAIN University and department of Engineering. In his address he told that throughout year students have enjoyed a stress free holistic academic environment. He also told that we have no competition with others; we only compete with our yesterday performance. We always try to teach human values to our students that is how to be a good human being, a good citizen of the nation along with syllabus. Regarding detailed curriculum of Diploma in Mechanical Engineering, Electrical and Electronics Engineering and Computer science engineering along with different online courses (LinkedIn learning) and short term value added courses by University he defined to the students in his speech. He also told that the department of Engineering believes in Student friendly environment Ragging free atmosphere director in campus Dr. Angad Tiwary enlighten the freshers with the correlation of success and failure. He quoted examples of renowned personalities and their struggle from failure to success. He regarded parents as god in one's life and further ignited the thought to respect parents to seek their blessings Dr. Amit kumar, Associate Professor, School of Commerce and Management also address the Diploma Student and gave information importance about campus. The inaugural session was concluded with the vote of thanks by Dr. Binod K Choudhary. Senior Prof. Rajkumari Ghosh mam Program co-coordinator department of English introduced the literary club and Toastmaster, Prof. Rajkumari has explained her group's activities, as well as what will be done in the future and how to join the club. Prof. Dr. Rupa Sarkar introduces the sport club. This is a highly significant club, and many pupils expressed interest while Mam was explaining it. Prof. Akash kumar Introduces about IT Club .Many students have inquired about the registration procedure and facilities offered at the institution. Prof. Dr. Rupa Sarkar has also explained about importance gender sanitization to only girls student of Diploma. Dr Binod Kumar Choudhary, Dr. Chandra Prabha, Mr. Paras Nath Mishra, NSS Coordinator, AJU and Ms. Shatabhisa Sinha ensured that the students became aware of the possibilities related to career, commitment towards social causes, extra-curricular and co-curricular activities. Prof. Rakhi Charaborty, department of Computer Science, presented the instruction and information on various activities at the end of the day.

3	Mr. Mahabir Karmakar	220921	Diploma	3 <sup>rd</sup>

### WRITE-UP

Name - Mahabir Karmakar Enrolment no - 220921 Branch - Diploma

Day-1

It was my first day in APU, when I entered the campus, I saw seniors helping the new students and helping them where to go as we new students didn't know where to go. They asked me to which branch I belong from, and I said them that I belong from Diploma EEE and they guided me to the Block "B" "Buddhism". When I reached there I was asked to register myself in an enrollment no. booklet, so that I could get my ID card and get joined in WhatsApp groups. While entering the auditorium flowers were being thrown on new students by seniors. After this when the programme started we were introduced to all teachers and faculty members and after this we were told about the rules and regulations, then we were introduced to all clubs and value added courses and at last we were given instruction and information on various activities and till the time the programme finished, the whole time I was engaged and motivated by the speakers as he/she was clear in his/her voice and when the programme was over, I was excited for my second day.

Day-2

Today I learned, how to manage stress through meditation and why meditation is necessary and I also learned about house building and time management which is very important as it represents you in any interview. Also, we were told about the job opportunities we get and I really liked that. After that our Mentor-Mentee were introduced to us and then we were taken for campus tour and library visit, I was thinking that how beautiful the library is and if I could read a book now, but unfortunately it was just a library visit. Then we had a break. After break we were

Day-3

Told about ERP and training management session which brought me a lot of things, and after this different activities were started like - singing, poetry, dance, debate etc. And this was how my second day was, and I was eagerly waiting for my 3rd day here.

Day-3

Today our yoga session started at 1:30pm and it was about 1 hour from 6:30 am to 7:30 am which was controlled online and our attendance was also taken during this session and I was fully enjoying the yoga session the whole time. When I reached APU our second programme started which was only for girls as I and my two new friends were discussing about our previous school, what will we do after completing this and what our goals are after that our next programme started which was on sustainable environment, which means that it is our responsibility to conserve natural resources and protect global ecosystems to support health and wellbeing, now and in future. After our serious interaction and working model was done I got heated my interest in my EEE branch and motivation towards study very much and after that heat out of waste competition was done after which a movie screening was done "The man who know infinity" and afterwards an activity was started about which we were already informed, in that many different paper strips were to be like - painting, poster-making, fancy dress, library reading etc. from which I had chosen to do poster making where there was an inscription "and I gave it my all and with this much my third day ends and I was very much excited for my 4th day."

Day-4

Today is my fourth day and I learned a lot of things. We learned about Universal Human Values and after this we were shown a precious video of Swami Vivekananda in which we learned about him more and how genius he was. After this we had an activity as usual. And with this my fourth day ended and like everyday, I was excited for the 5th day but unfortunately I couldn't come on 5th day because of my headache but I was looking forward to my 5th day.

Day-5

Today is my sixth and last day of orientation and induction, and like usual I learned a lot of things today also. At first we learned to how to work for placements and then we got guidance on how to and what to do for getting better grades in every examinations, so that we can get good placements, then we got to know about, what is NSS and NCC and also an introduction of NCC. I generally liked NSS more than NCC but I respected NCC more than NSS. Then we had our break. After break we were told about cultural activities by our seniors and I took all the cultural activities and then we got our results of activities. I was too eager to know about it, if I won or not in poster making as I was hoping that I would win, and after few minutes it was announced the winner's name, for a second I felt like my heart skipped a beat as I was too nervous about it.

The winner was one of my two new friends, even though I didn't win but I was happy for him, that he won in this poster making competition and not only he had won in this competition but also he had won in debate competition too and I really admired him. And also I made a promise to myself that I'll win in a competition too and will score good grades in every examinations, and with this my last day ends too.

Thank You.

Day 1

Induction and orientation program of new batch of Polytechnic was scheduled on 22nd September 2022 at ARKA JAIN University campus.

On first day the induction committee divided all new admission students into two groups as all the new students of mechanical branch in one group and the rest (Electrical and Electronics & computer science) students in another group.

1st group (mechanical) was taken to the seminar hall in block C of the campus and 2nd group (EEE & CSE) had been gathered near block A to attend the program about to begin in the auditorium.

Inaugural session started which was led by senior students of polytechnic with Granesh Vandana. Then a session addressed by professor Ashwini Kumar sir about all the academic activities provided by the university. After that a session addressed by professor Iyad Rashid Anwar sir about the Rules & Regulations or code of conduct of the university, with the help of this session we got to know the importance of maintaining discipline inside or outside of the campus.

A session introducing the faculty members of university which will help students in any situation, addressed by Dr. Binod Kumar Choudhary. Then induction committee announced 15 min break for lunch and refreshments.

After lunch we got to know about various clubs / value added courses available in the university, introduced by Dr. Chandra Prabha Sahu mam. At the end of the first day of induction week information and instruction on various activities, given by Mrs. Rakhi Chakraborty.

Day 2

On the second day of induction week, both groups went to the hall/auditorium as allotted to them. Induction started with a session of stress management through meditation by Mr. Mukul Pandey discussing the problems caused by stress and their solutions due to lack of knowledge of how to identify or to deal with stress. After that we had a session of resume building and time management addressed by Dr. Sonia Riyat on how we can manage work in time and how time management can help us build our resume better. Then Dr. Kuldeep Kumar Sahu talked about job opportunities after completing polytechnic.

after break all the students were sent to different rooms allotted for different activities according to the activities they had enrolled in.

Day 3

A yoga session was scheduled in the morning at 6 o'clock through video calling by Ms. Priyanka.

Afternoon at the university campus Dr. Shilpa Sharma mam interacted with the students on sustainable environment.

Then senior students of polytechnic interacted with the students and informed about various events and activities, and encouraged us for participation in them. Before break committee arranged a movie screening for students, title was "The man who knew infinity" based on a true life events of the great Indian mathematician "Srinivasa Ramanujan".

After the break, faculties led the students for creative arts event like Painting poster making, Rangoli etc.

Day 6

Last day of induction week started with a session addressed by Mr. Himanshu Sinha on how to work for placements. Then Dr. Praveen Thakur guided students with his words on examination format/examination pattern. After that a session introducing NSS & Ractra to students and encouraged them to do social work. Before break a session introducing NCC (National Cadet corps) by Ranjeet sir and explained the importance of discipline in life.

After break senior students performed cultural activities like dance, nuktak natak etc. The results of all the activities were announced which were organized through whole induction week.

And at the end of program the induction and orientation program week concluded with the vote of thanks.

10	Did the orientation and Induction program made you aware how to handle grievance	
11	Did the co-curricular activities in the orientation and Induction program are informative	
12	Did the extracurricular activities in the orientation and Induction program are informative	
13	How did you like the session speakers	
14	How did you like 6 days orientation and Induction program	

## CERTIFICATE OF THE WINNERS

This is to certify that

Mr./Ms. Harsh Pal Singh  
has secured 1<sup>st</sup> Position in Best Out of Waste in the Student  
Induction Program of AARAMBH 2022 organised by Department of Engineering  
ARKA JAIN University.

**We would like to congratulate him/her for showing interest for such program**

  
Dr. S.S. Razi  
Vice-Chancellor  
Arka JAIN University

  
Mr. Ashwini Kumar  
Asst. Dean  
School of Engineering & IT

This is to certify that

Mr./Ms. Suraj Hazari  
has secured 1<sup>st</sup> Position in Painting Competition in the Student  
Induction Program of AARAMBH 2022 organised by Department of Engineering  
ARKA JAIN University.

**We would like to congratulate him/her for showing interest for such program**
