Swami Vivekanand Speech in World Parliament of Religion, Chicago

11<sup>th</sup> Sept 1893 was the day of Swami Vivekanand. On this day the world witnessed Swami Vivekanand ji giving a speech in the most crowded place of America which is Chicago, USA in World Parliament of Religion, Chicago.

Swami Vivekanand ji - a rare man amidst of backlashes in Chicago when he came. He started the speech with, "My dear brothers and sisters of America," this line of 2 words literally this line of 2 words lit up the American hearts - with who were present in the World Parliament of Religion, Chicago with joy, love and most importantly respect for Swami Vivekanand ji. All the Americans started clapping which continued to whole a minute. That was very proud moment for us Indians because Swami Vivekanand ji is supporting our nation. He concluded the speech with "If the face of this evidence, is anybody's dream of the evolution, survival of his own religion and the destruction of the others, I fly him from the bottom of my heart, and point out to him that upon the honour of every religion will soon be written, in spite of resistance".

The video related to our great leader Swami Vivekananda by the great Manoj Murtashir is a true appreciation of the leader, his deeds, his words and his thoughts. Swami ji proved with his words that our religion or say our country is a place of where all are considered as a family members instead of discriminating w.r.t. caste, creed, colour, religion. Swami ji taught us the real meaning of religion, culture and the famous shloka 'Vandeva Kutumbakam'.

Swami Vivekananda (1893)

Swami Vivekananda (1863-1902) is the best known in the United States for his ground-breaking speech to the 1893 World's Parliament of Religions in which he introduced Hinduism to America and called for religious tolerance and an end to fanaticism. Born Narendra Nath Dutta, he was the chief disciple of the 19th-century mystic Rama-krishna and the founder of Ramakrishna Mission. Swami Vivekananda is also considered a key figure in the introduction of Vedanta and Yoga to the West and is credited with raising the profile of Hinduism to that of a world religion.

11 September 1893 / Sisters and Brothers of America

It fills my heart with joy unspeakable to rise in response to the warm and cordial welcome which you have given us - I think you in the name of the most ancient order of monks in the world, I think you in the name of the mother of religions, and I thank you in the name of millions and millions of Hindu people of all classes and sects.

"The greatest religion is to be true to your own nature, thus, have faith in yourselves".

Well, First Thank seniors and various teachers for the event's organised yesterday.

The video shown about the speech of Swami Vivekanand was really motivating which give me lesson about how we should respect our religion and belief and joy that we don't need to tell people that "I respect my religion or my religion is <sup>not</sup> big than other" but to show how Swami Vivekanand show it to western people on 11.09.1893. How we should respect our religion and belief.
