## SESSION ON ANTI-RAGGING

Ragging is a disturbing reality in the higher education system of our country. The session held on 12<sup>th</sup> September at the university campus. Even though over the years ragging has claimed hundreds of innocent lives and has ruined careers of thousands of bright students, the practice is still perceived by many as a way of 'familiarization' and an 'initiation into the real world' for young college-going students. In order to eradicate it, AJU has formed **Anti-Ragging** Cell which aims at the following:

- Ragging of any sort is strictly prohibited and is considered as a punishable offense.
- Ragging / Eve teasing / Smoking / Alcohol intake/ using abusive language in the University are considered as "ZERO TOLERANCE" offense and any student found guilty of any such act will be suspended / rusticated immediately.
- Students may approach any member of discipline & anti ragging cell or they may also approach any of their other teachers to make their complaints regarding ragging or any other indiscipline issue.

## SESSION ON HUMAN VALUES

This effort of a session on **Universal Human Values (UHV)** is in continuation with that tradition of self-enquiry, for the wellbeing of all. The session was held on 16<sup>th</sup> September by **Prof. Mukul Pandey**. It is conducted at AJU to achieve the following objectives; it draws upon universal essence of these explorations. It is put forth as proposals for self-exploration on one's own right. It is a systematic study of the harmony – from individual to family, society and nature/existence. It is a proposal about the natural laws, about the reality, as it is – in a way that anyone can explore and understand it on their own right. It follows a process of self-verification, on the basis of one's own Natural Acceptance, leading to self-confidence and self- evolution. It encourages students to discover what they consider valuable. Accordingly, they are able to discriminate between valuable and the superficial inreal situations in their life. It enables the student to discover and understand the innate value of human being in every aspect of life (individual, family, society, nature/existence), reinforce the commitment and courage to live accordingly.

## SESSION ON GENDER SENSITIZATION

The **Gender Sensitization** session was held on 22nd September by **Prof. Poonam Dabaria** Assistant Professor in the school of commerce and management. She denoted the concept as a compilation of information on gender awareness, bringing forward the distinction between sex and gender whilst defining other gender-related terminology. The Session reflects upon how gender and other gender-related terminology are socially constructed and the important role that education can play in sensitizing people to change their mindset. To have a better understanding of the concepts of equality and non-discrimination, the two fundamental aspects of our constitution, there is a need to understand the basic concepts like the difference between sex and gender, gender roles, gender stereotypes, gender division of labour, gender discrimination, gender-based violence, masculinity, patriarchy, gender equality and so on.

## SESSION ON ANTI-RAGGING

Ragging is a disturbing reality in the higher education system of our country. Despite the fact that over the years ragging has claimed hundreds of innocent lives and has ruined careers of thousands of bright students, the practice is still perceived by many as a way of 'familiarization' and an 'initiation into the real world' for young college-going students. The Session of **Anti- Ragging** was conducted on 21<sup>st</sup> September **Prof. Vishakha Joseph** Assistant Professor from the school and Other organisations/bodies working in this field have also attempted to define ragging, the variety of definitions being reflective of differences in perspective. During the session the students were given clear instructions on maintaining ragging free campus, Guidelines for prevention and prohibition of ragging were briefed to them. The freshers students were also instructed that they should not respond to the calls from seniors, should not participate in any kind of party anywhere inside/outside the campus, even if ordered by the seniors and that, they have nothing to fear as the institution cares for them and shall not tolerate any atrocities against them.

## SESSION ON HUMAN VALUES

**Prof. Mukul Pandey** Assistant Professor of the school held the session on 20<sup>th</sup> September **Human Values** define the quality of a person or an organisation or society at large. Practitioners of values and ethics learn these lessons through self- initiated endeavours, through the life experience that is the greatest laboratory of learning, and through the educational institutions, those they attend. Hence, the educational institutions themselves need to be values and ethics personified. It is needless to emphasise that education is the most important pillar of a civilized and dignified society. The entire structure of society or nation depends on the strength of this pillar. If this pillar is strong, society would remain humane and would prosper. If this pillar develops some fractures, the society may enter into sub-human phase. Thus, there is a need to keep emphasising the importance of human values in educational institutions. Human values and ethics are not like motor skills, which once mastered remain with forever. They are not skills, they belong not even to the domain of mere knowledge, and they in fact belong to the domain of subtler understanding and practice.
