AWARENESS OF EDUCATION IN RURAL AREAS

Date of Event	05.01.2023
Name of the Event	Awareness of Education in Rural Areas
Type of the Event	Extension Activity
Conducted by	Department of Computer Science and IT
No. Of Participant	29

OBJECTIVE: The main objective to conduct this event is to spread the importance of education among the rural peoples and to help the needy ones who are unable to buy the education stuffs which can help many children in some or the other way. In today's date the importance of education is very high and all the people should be educated so that they can lead a normal life.

DETAILS:

The Department of Computer Science & Information Technology (CS & IT) at ARKA JAIN University took a significant step towards promoting education in rural areas by organizing an extension activity on the "Awareness of Education in Rural Areas" on January 5, 2023. The event, coordinated by Mr. Akash Kumar Bhagat and Dr. Arvind Kumar Pandey, the Head of the CS & IT department, aimed at spreading awareness about the importance of education and providing essential educational materials to less fortunate children.

In an effort to bring smiles to the faces of underprivileged children, students of ARKA JAIN University, along with faculty members, initiated a collection drive for educational materials. The campaign involved contributions from students, faculty, and the local community to gather a variety of educational resources. On the day of the event, students from ARKA JAIN University engaged with the rural community, conducting a session on the significance of education and why it is crucial for every individual. The interactive session aimed to inspire and motivate children to recognize the value of education in shaping their futures.

The collected educational materials, including books and other essential supplies, were distributed among the less fortunate children during the event. This initiative aimed to address financial barriers that prevent some children from accessing education.

Awareness Session Highlights:

Importance of Education: Students delivered a compelling session, emphasizing the transformative power of education and its role in shaping a brighter future.

Financial Barriers: The session addressed the financial challenges that hinder access to education for some children and how the community can work together to overcome these barriers.

Community Involvement: The campaign encouraged collaboration between students, faculty, and the local community, fostering a sense of shared responsibility for the education of future generations.

TAKEAWAY (OUTCOMES): The goal is to educate children so that at the very least they will be able to earn enough money to cover all of their basic necessities. A few children were really thrilled since they wanted to learn. The "Awareness of Education in Rural Areas" initiative by the Department of CS & IT at ARKA JAIN University stands as a testament to the institution's commitment to community development and education. By addressing financial barriers and spreading awareness, the event aimed to empower children with the tools and knowledge needed to pursue education and create a pathway for a brighter future. The success of this initiative underscores the importance of community-driven efforts in fostering a culture of education and empowerment.
