AWARENESS CAMPAIGN ON WORLD AIDS DAY

Date of Event	01.12.23
Name of the Event	Awareness Campaign on World AIDS Day
Type of the Event	Outreach Activity
Conducted by	Dr.Jyoti Khurana
No. Of Participant	28

Objective World AIDS day is an opportunity to spread awareness the HIV infection. And to encourage HIV/AIDS prevention, treatment and care around the world.

Details of the Event

Every year commemorates Worlds AIDS Day. People around unite to show their support for HIV/AIDS patients. The purpose is to stop new cases of HIV, securing the rights of people living with HIV, and fighting HIV stigma and discrimination. The theme of this year's World AIDS Day 2023 is "Let communities lead therefore to spread awareness among communities this event was planned.

To spread the message students of 1st semester Biotechnology department, School of Health and Allied Science, conducted a social awareness campaign in Ichhapur village Jamshedpur on 1.12.2023. The students prepared the posters to spread awareness and performed a Parade from the campus. The Program started included a speech regarding myths associated with infection and spread of HIV virus. The students performed a skit in front of the villagers to make them aware regarding awareness about disease and its spread and precaution related to AIDS. The skit also gave a message about discriminate behaviour of society for HIV positive Patients. After the event, groups of villagers were prepared to clarify their doubts. The program was successfully conducted under the supervision of Dr. Jyoti Khurana (Assistant Professor, Department of Biotechnology).

Outcome This time "The World AIDS Day theme is "Let's communities lead". . Students learned how to communicate the message to common man so that the communities can lead. By solving local public doubt, students learned to connect with local people and spread awareness about HIV infection and prevention. Students learned the different mode of spread of HIV Infection
