DHANWANTARI AN EXPO OF HERBAL AUSHADHIS

Date of Event	13.05.2023
Name of the Event	DHANWANTARI An Expo of <i>Herbal Aushadhis</i>
Type of the Event	A Participative Learning Program for the Technical Skill Development (Slow Learner/ Advance Learner)/ Tribal Empowerment/ <i>Atmanirbhar Bharat</i>/ Health and Wellness
Conducted by	School of Pharmacy
No. Of Participant	50

OBJECTIVE: is atmanirbhar bharat, tribal empowerment and Health and wellness. In this context DHANWANTARI an expo of Herbal *ausdhys* conducted by Bhesajam. Ayurveda the ancient Indian medicinal system is the identity of India. Though it is controversial, but many discussions revealed that ayurveda belongs to India. The principal objectives of Ayurveda include maintenance and promotion of health, prevention of disease and cure of sickness. Herbal medicine has been commonly used over the years for treatment and prevention of diseases and health promotion as well as for enhancement of the span and quality of life (health and wellness). Educating the tribal people regarding cultivation of medicinal plants to generate income, and to earn livelihood by the virtue of which country will not depend to import such commodities from foreign countries and become self-dependant (atma nirbhar bharat) and may belongs to few of the right ways of tribal empowerment.

DETAILS: Bhesajam the Pharma Club of School of Pharmacy conducted DHANWANTARI an Expo of *Herbal Aushadhis* on 13th May 2023, Time: 9:30 AM onwards at University Campus with reference to the circular dated 19th April 2023 by Ministry of Education Govt. of India to commemorate Azadi Ka Amrit Mahotsav (AJKAM). In this context students of School of Pharmacy organized an Expo on Herbal Drugs. In their curriculum they taught about the pharmacognostical studies of various natural drugs. Keeping the instruction of Ministry of Education in view students thought that some concepts should be brought which can correlate Atmanirbhar Bharat, Tribal Empowerment and Health and Wellness. Herbal drugs have a greater importance in Ayurvedic Medicinal Science for the promotion of health, prevention of disease and cure of sickness as well as for enhancement of the span and quality of life. This directly relates to Health and Wellness. By promoting such natural drugs in the international market our farmers can create a benchmark as well as can generate revenue for the country and also able to have a good source of income, and to earn livelihood. This way it directly or indirectly relates to Atmanirbhar Bharat. Tribal people have less education about their earning source. They basically depends either upon farming or daily labour.

Usually the tribal farmers depends upon two crops in a year and that is rice and millet. If they will aware and educated about cultivation of various herbal medicines and spices then they can bring to the main stream of society as revenue generator. In this we can work for tribal empowerment. Dhanwantari able to meet the three objectives. Students brought formulations of herbal drugs with information sheets was procured by the University employees. Among the herbal drugs Black piper, Amla, Sunth, Cinnamon, Triphala, Sikakai, Ritha, Shomp, Jira, Ajowan, Aswagandha, Pudina, elaichi, Chirayata, Laung, Dhania, Hing, Jaiphal, Jayatri, Anaise, Isabgol, Lemongrass, Tulsi, Haritaki, Haldi, Neem, Orange peel, fenugreek are the main attraction. Vice Chancellor Dr S S razi, Registrar Mr. J S Dhanjal, Director Mr. Amit Kumar Shrivastav and other dignitaries appreciated the effort. Dr Jyotirmaya Sahoo conceptualized the event and coordinated by Gowri Sankar Chintapalli, Atal Bihari Singh, Ankita Moharana and Asutosh Parida.

OUTCOMES: Activity gave a good experience about the various medicinal effects of different herbal drugs and about their geographical status, cultivation and collection.
