This workshop was designed to promote understanding, empathy, and proactive measures to challenge and change the gender-related norms, attitudes, and behaviours that perpetuate inequality and discrimination.

ABOUT THE EVENT:

Gender sensitivity is a profound acknowledgment of the diverse gender roles, expectations, and experiences that individuals may encounter, all contingent upon their gender identification. It extends beyond the conventional binary notion of male and female, recognizing the existence of various gender identities such as non-binary, genderqueer, transgender, and more. This perspective was thoughtfully shared during an enlightening session conducted by **Ms. Nikita Michelle**, a faculty specializing in BA Fashion Design (H) at the esteemed School of Humanities, ARKA JAIN University. **Dr. Charu Wadhwa**, the Head of the Internal Complaints Committee and Women's Cell, further delved into the multifaceted layers of gender sensitivity. Dr. Charu Wadhwa engaged the students in a dialogue that shed light on the pivotal role of cells established within the university to address issues related to gender, ensuring a safe and inclusive environment on the premises.

Gender sensitivity, irrespective of gender identification, is fundamentally rooted in the cultivation of a culture underpinned by respect, equality, and understanding. It transcends boundaries and permeates various facets of life, including social interactions, the workplace, healthcare, media, education, and beyond. An example that was thoughtfully raised during the session is the unnecessary assignment of household chores to women within the family. The recognition that household chores are essential life skills that should be undertaken regardless of one's gender identity underscores the importance of this sensitivity.

The following outcomes of the events:-

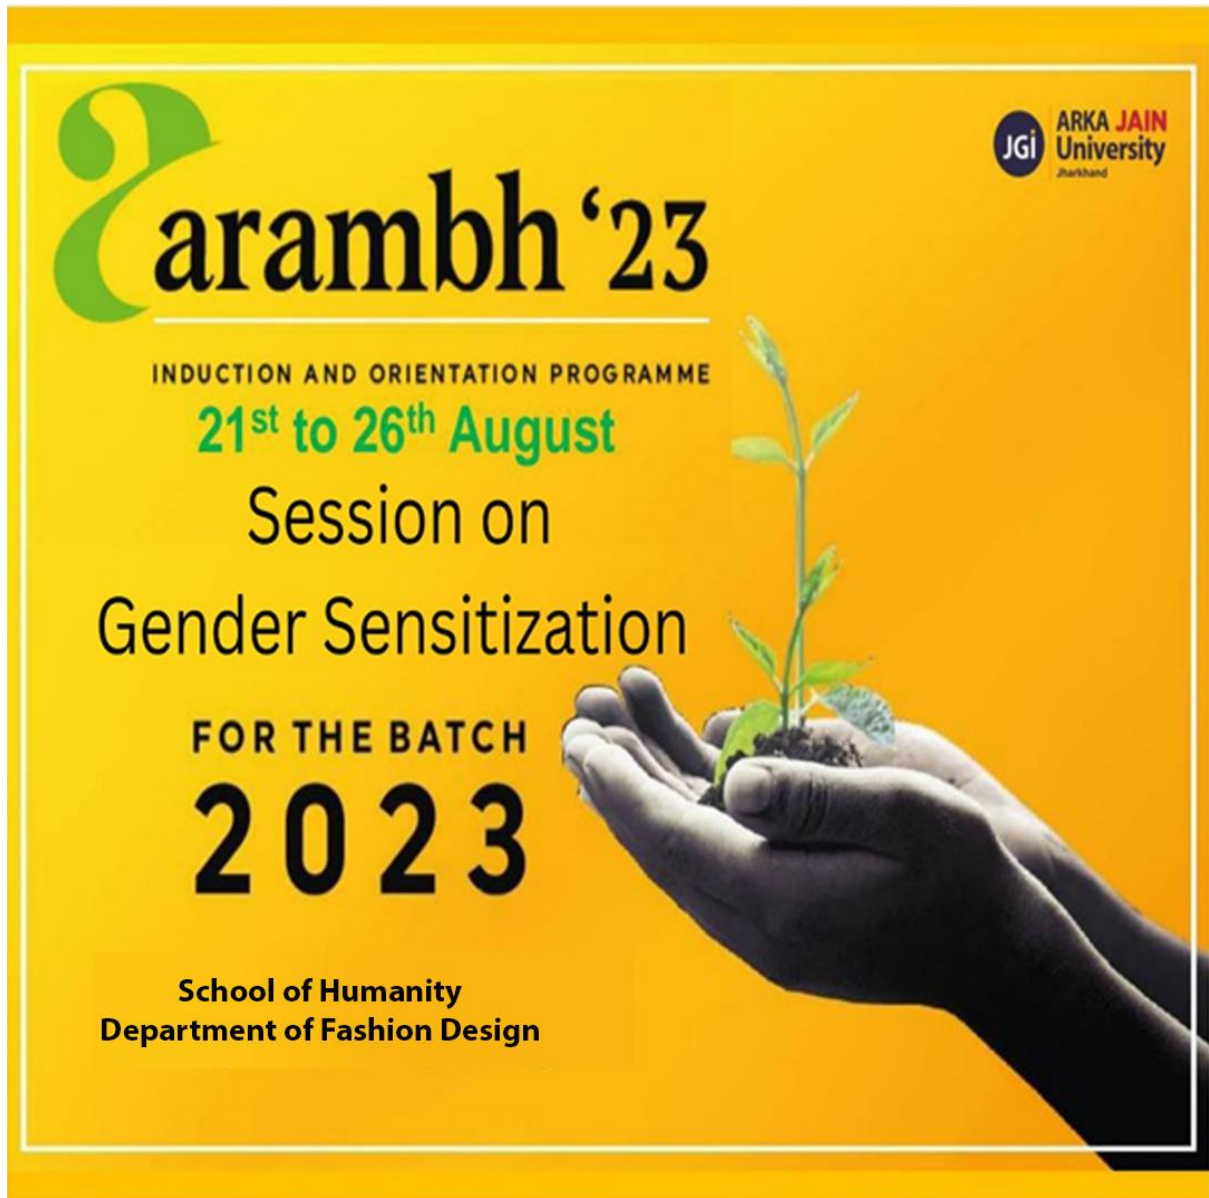

Increased Awareness and Understanding: Participants gain a deeper understanding of gender-related concepts, including gender identity, expression, roles, and stereotypes. They become more aware of the impact of these factors on individuals and society.

Improved Communication and Empathy: Participants enhance their communication skills and develop empathy towards individuals with diverse gender identities and experiences. This can foster better relationships and collaboration in various settings.

Enhanced Inclusivity and Equity: The session promotes inclusivity by encouraging an environment where all genders are respected, valued, and treated equitably. This can lead to a more inclusive workplace, educational institution, or community.
