Session on Gender Sensitization for Orientation (Aarambh 2023)” Held On 17th August, 2023

Date of Event	17 th August, 2023
Name of Event	Gender Sensitization for Orientation (AARAMBH 2023)
Type of Event	Academic
Conducted by	School of Law, Arka Jain University
No. Of Participants	10

A session was organised by the School of Law, Arka Jain University on 19th August, 2023. Event was organised and coordinated by Prof. Awisha Lakra, School of Law.

Objective:-

Gender sensitization is the process of creating awareness regarding gender equality issues and modifying the behaviour and views that people hold about themselves and other genders

Learning and Outcome

By this session the students were taught about the importance of Perusing BBA LLB. Program and over all importance of law and management in their lives. **Gender sensitization** is the teaching of [gender sensitivity](#) and encouragement of [behaviour modification](#) through [raising awareness](#) of [gender equality](#) concerns.^[1] In other words, it is the process of making people aware of [gender equality](#) and the need to eliminate [gender discrimination](#). It involves understanding and challenging the existing gender roles, stereotypes, and biases that are prevalent in society. Gender [sensitization](#) aims to create a more equal and just society where individuals are not discriminated against based on their gender.^[2]

The goal of gender sensitization is to address issues in gender equality and encourage participants to pursue solutions.^[3] This can be achieved by conducting various [sensitization](#) campaigns, training centres, workshops, programs, etc. In the domain of [Humanities](#) and [Social Sciences](#), sensitization is seen as an awareness-informed propensity or disposition which aims at changing behaviour so that it is sensitive to certain issues. Gender sensitization may be seen as "the awareness informed propensity to behave in a manner which is sensitive to gender justice and gender equality issues.

Simply put, gender sensitivity is behaviour that avoids discrimination by understanding and accepting the multiple differences between men and women. It is a way of thinking that fosters respect and compassion for others — regardless of these differences.
