INTERNATIONAL DAY OF WOMEN AND GIRLS IN SCIENCE

Date of Event	11.02.2023
Name of the Event	International Day of Women and Girls in Science
Type of the Event	Non-academic
Conducted by	Convener- Dr.Ashwini Kumar Event coordinators-Dr.KeertiRai,Prof.Shatabhisa Sinha,
No. Of Participant	08

Objective: The primary objective of the event was to create awareness among students about the pivotal role women have played in science throughout history. By highlighting the accomplishments of female scientists, the department aimed to inspire young minds and foster an inclusive environment that encourages women to pursue careers in science.

Introduction: The Department of Engineering at Arka Jain University took a proactive approach to celebrate the 8th International Day of Women and Girls in Science by organizing a "Power Point Presentation" competition for students. The event aimed to promote full and equal access to and participation in science for women and girls. This initiative was part of the broader effort to acknowledge and celebrate the contributions of women in the field of science.

Event Details: The "Power Point Presentation" competition took place at the School of Engineering & IT, where students showcased their presentations on the achievements of women in the world of science. The competition provided a platform for students to delve into the remarkable work carried out by female scientists and their significant contributions to the field.

Outcomes: The event proved to be a resounding success, with several positive outcomes:

Knowledge Enhancement:

- Students gained valuable insights into the achievements of female scientists.
- The presentations helped broaden the understanding of the diverse contributions women have made to the world of science.

Showcasing Student Inventions:

- Participants had the opportunity to showcase their own inventions on the big stage.
- This not only highlighted the creativity and innovation of the students but also emphasized the importance of nurturing young talent in science.

Public Recognition:

- The event provided a platform for students to present their findings in front of dignitaries, faculty, and fellow students.
- This recognition serves as a motivation for students to pursue their interests in science and contribute to the field.

Positive Reception:

- The initiative received positive feedback from all participants, including students, faculty, and dignitaries.
- The positive reception indicates the success of the event in achieving its goals and creating a positive impact on the audience.

Conclusion: The celebration of the 8th International Day of Women and Girls in Science through the "Power Point Presentation" competition at Arka Jain University was a commendable effort to promote gender equality in the field of science. By fostering awareness and recognizing the achievements of female scientists, the department has taken a significant step towards inspiring the next generation of women scientists. This event not only celebrated the accomplishments of women in science but also served as a catalyst for creating a more inclusive and diverse scientific community.
