## SWARNREKHA CHHAT GHAT CLEANING UNDER 'SWACHHTA HI SEVA HAI '

Type of the event	Academic
Name of the event	Swarnrekha Chhat Ghat Cleaning under ' Swachhta Hi Sewa Hai '
Date of the event	17/09/2023
Event lead	Dr.Arvind kumar Pandey ,CTO-Ranjeet Kumar
Event co-coordinators	CTO Ranjeet Kumar / Amardeep Samad / Khusboo Kumari

**Objective:** The objective was not only limited to physical cleanup but also aimed at fostering a sense of community service and environmental responsibility among the NCC cadets.

**Details:** On October 1, 2024, as part of the "Swachhata Hi Seva Hai" campaign, a commendable initiative took place at Swarnrekha Ghat, led by 8 out of 37 National Cadet Corps (NCC) cadets from Arka Jain University. Under the able guidance of Associate NCC Officer (ANO) Lt. Ranjeet Kumar, and with the enthusiastic support of the university's and other dedicated staff members, the cadets embarked on a meaningful Shramdaan event with the aim of contributing to the community's well-being and addressing environmental challenges.

The specific focus of their mission was the cleaning of Gandhi Chhat Ghat, a pivotal resource for the local village. Recognizing the significance of this ghat, the cadets dedicated their efforts to combat plastic and waste pollution, aiming to create a cleaner and healthier environment for the community. This initiative was not merely an exercise in cleanliness but a demonstration of their commitment to social responsibility and environmental stewardship.

ANO Lt. Ranjeet Kumar played a crucial role in orchestrating and supervising the entire event, ensuring that the cadets were well-prepared and motivated for the task at hand. The collective efforts of the NCC cadets, guided by Lt. Ranjeet Kumar, were instrumental in the successful removal and proper disposal of an impressive 30-40 kilograms of plastics and waste from the surroundings of Gandhi Chhat Ghat.

The impact of this Shramdaan event extended beyond the immediate physical cleanup. The initiative showcased the dedication of NCC cadets to community service and their sense of responsibility towards the environment. By actively engaging in the Swachh Bharat Abhiyan campaign, the cadets demonstrated their alignment with broader national goals for cleanliness and sustainability.

**Outcomes:** The positive outcomes of their actions were palpable within the local community. The cleaned and rejuvenated Swarnrekha Ghat not only presented a more aesthetically pleasing environment but also contributed to the overall health and well-

being of the community members. The removal of plastic and waste not only prevented potential environmental hazards but also set an example for responsible waste management practices.

In conclusion, the Shramdaan event led by the NCC cadets from Arka Jain University, supported by ANO Lt. Ranjeet Kumar and the university staff, was a resounding success. It not only reflected the spirit of the "Swachhata Hi Seva Hai" campaign but also demonstrated the transformative power of community-led initiatives in creating a cleaner, healthier, and more sustainable future. The efforts of these cadets serve as an inspiration and a testament to the positive impact that individuals and institutions can make through collective action for a cleaner and greener India.
