JAMIPOL was the first in India to offer this high-tech product, ushering in a new era for the Indian Steel Industry. With DCs, steelmakers can produce low sulphur steel that meets international standards, while saving time and money.

Over the years, JAMIPOL expanded its product range to include Cored wire, Deoxidising compound and Dephosphorization compound, all aimed at enhancing customer value and satisfaction. It also offered a variety of services, such as operating and maintaining DS stations, selecting and upgrading DS stations, and reducing DS life cycle cost through the BOOM model (build, own, operate and maintain).
