**OBJECTIVE:** In order to celebrate International Day of Women and Girls in Science, Department of Engineering, Arka Jain University had organized “Power Point Presentation” for the students. The main objective was to promote full and equal access to and participation in science for women and girls.

**DETAILS:** School of Engineering & IT had organized “Power Point Presentation” on the Occasion of “International Day of Women and Girls in Science”. The presentation was aimed at aware the students that how women have done so many work and got so many achievements in world of Science. The presentation also addressed the ongoing challenges that women in science continue to face. These include gender bias, underrepresentation in leadership positions, and the lack of mentorship opportunities. Despite these challenges, many women have persevered and made significant contributions to their fields. The presentation emphasized the importance of creating an inclusive environment that supports women and girls in science, ensuring that they have the opportunities and resources needed to succeed. The event concluded with a call to action for students, particularly young women, to pursue their interests in science and technology. It was highlighted that the world needs more women in STEM to drive innovation and solve global challenges. Students were encouraged to seek out mentorship, take advantage of educational opportunities, and persist in the face of obstacles.
