Residential Facility for Female Students of ARKA JAIN University

ARKA JAIN University offers comfortable and secure residential facility exclusively for the university female students. The University operates three hostels strategically located across the city to accommodate approximately 150 female students. The University hostels provide a home away from home environment, offering both lodging and nutritious meals. To ensure the safety and well-being of the students, the University has stringent security measures in place. Full-time wardens take care of the well-being of the students. The University has tie up with various healthcare providers to take care of the female hostel residents. Additionally, the University provides complimentary transportation services to facilitate easy commuting to and from the campus.
