COMPANY PROFILE:

Sigma Electric Manufacturing Corporation Pvt. Ltd. is a world leader in manufacturing of precision metal components and sub-assemblies. **Headquartered in Garner, N.C., The company has world class manufacturing facilities at Pune & Jaipur.** Sigma Engineered Solutions has a global manufacturing footprint that includes 13 on-shore, near-shore, and off-shore facilities, as well as sourcing capabilities in China. Their North Carolina-based warehouse and logistics facility reduces fulfilment rates to as little as 5 days. Their vertical integration provides the lowest total cost of ownership for their customers by combining the competitiveness of global manufacturing with the responsiveness and service of a U.S.-based company.

Sigma Engineered Solutions consists of two divisions: Sigma Castings and Sigma Connectivity.

- Sigma Castings has significant expertise across various forms of castings and a wide array of metals, and their products include an extensive line of electrical fittings and hardware for the industrial, commercial, and residential construction industry. Their casting capabilities are supported by state-of-the-art in-house tooling and special purpose machine design and manufacturing, which help reduce lead times and costs.
- Sigma Connectivity specializes in high volume precision metal stamping, with expertise in working with very thin gauge metals under extremely tight tolerances to create precision components used in electronic connectors.
