RUKHSAT: FAREWELL FOR 6TH SEMESTER

Date of Event	17-02-24
Name of the Event	RUKHSAT "Fare thee Well" Batch 2021-24
Type of the Event	Cultural Event:
Conducted by	Department of Biotechnology
No. Of Participant	43

Objective: Rukhsat is an Urdu word that means "departure" or "farewell". It is often used to refer to the act of saying goodbye or bidding farewell to someone who is leaving a place or going on a journey. It's a chance to express appreciation for their time together, reminisce on shared experiences, and wish them well in their future endeavours. A farewell is to bid adieu to the passing batch of 2021-24. It's a time to reminisce about shared memories and experiences, providing closure as they prepare to move on to the next chapter of their lives.

Details of the Event: The Department of Biotechnology organized this event to bid adieu to the passing batch of 2021-24. The event started with lamp lighting and welcoming the guests. The event was graced by the presence of Dr. Jyotirmaya Sahu (Dean, School of Health and Allied Science, AJU). The event included Dance Performances by 2nd Semester, 4th Semester students and a surprise act by passing 6th semester students as well. An Interactive Games was also there to lighten the moods and have a moment of joy and relax the attendees. A Ramp walk showcase was a part of it with a trance house genre track in background. Atlas all the faculties (Dr. Pratima Srivastava, Dr, Jyoti Khurana, Dr. Santosh Kumar Singh) of Department of Biotechnology delivered their speeches to farewell batch before Dine and Dance commence to wrap up the celebration.

Outcome: Environment Sustainability involves taking responsible action to preserve biodiversity, protect human health, and ensure resource availability. While farewells mark the end of one chapter, they also symbolize the beginning of new opportunities and adventures. Attendees may leave the event feeling excited and optimistic about the possibilities that lie ahead.
