PARYAVARAN SANRAKHAN GATIVIDHI "CARE THE NATURE – EPISODE 2"

Date of Event	28/08/2024
Name of the Event	Paryavaran Sanrakhan Gatividhi "Care The Nature – Episode 2"
Type of the Event	LIFE SKILL DEVELOPMENT AND ENVIRONMENT SUSTAINABILITY
Conducted by	BHESAJAM the Pharma club in association with NSS & NCC of AJU
No. Of Participant	70

OBJECTIVE: Environment and Sustainability (Seeding for Building Forest), an awareness program focused on climate control, is essential in fostering a sense of responsibility for the environment among students and villagers, as well as engaging students in hands-on environmental conservation efforts and raising awareness among villagers about the significance of sustainable practices and climate control.

DETAILS: BHESAJAM, The Pharma club of the School of Pharmacy, in association with NCC & NSS ARKA JAIN University on the eve AARAMBH 24 the induction cum orientation Program organised "**CARE THE NATURE EPISODE 2**" an awareness program towards climate control in the village adopted by the University - Musarikudar. On August 28, 2024, a group of energetic pharmacy students travelled to the nearby village of Musarikudar to engage in a seed-planting program. The activity sought to make a beneficial contribution to the environment and also to enlighten the local population about sustainable practices and their significance in climate regulation. The students were organised into groups and provided with a comprehensive explanation of the project's criticality and the need to sow indigenous tree seeds such as Cashew tree, Jackfruit, and Guava seeds in the surrounding area. Each team was provided with seeds, gardening implements, and necessary equipment for the task. Upon their arrival, the students were cordially received by the people and local authorities. An abbreviated interactive session was organised to exchange knowledge on climate change, its environmental consequences, and the significance of tree planting in alleviating its impacts. The objective of this session was to enhance awareness and promote community engagement in the project. After the educational session, students and residents collaborated to prepare the soil and sow a diverse range of indigenous tree seedlings. Through the collective endeavour, a feeling of cohesion and mutual accountability for the environment was cultivated.

Furthermore, it gave a chance for cultural interchange between the students and the locals. The successful collaboration among students, Dr Manav Kumar Paza, Mr Gowri Sankar, Ms Nisha, Mr Soubhik, Ms Ankita, Ms Sharmili, and Mr Barun ensured the event reached a remarkable conclusion under constant guiding of Dean of school of Pharmacy, Dr. Jyotirmaya Sahoo.

OUTCOMES The demonstration of seed planting in the next village highlighted the students' dedication to environmental sustainability and climate regulation. Employing concrete efforts and the dissemination of knowledge, the project not only enhanced the natural surroundings but also cultivated a feeling of accountability and compassion among the individuals involved. The University's NSS unit is committed to coordinating initiatives that have a significant impact on the welfare of local communities and the broader environment.
