

TECHNIKA -2023: POSTER PRESENTATION

Date of Event	19th January 2024
Name and Type of Event	Poster Presentation
Conducted by	Dr. Anupam Kumari, Dr. Viranshu Kumar, Prof. Akash Bahgat
Number of Participants	07

About The Event: The poster presentation is the presentation of some topics by an individual or group on understanding of a topic in a concise and visually engaging format to make them aware about new ideas, thoughts, and new theories in Engineering science. In this event, the students of each group have to prepared drawing and the same have to demonstrate and explain the theme given on the spot. Students are inspired to come forward with similar new ideas and models to showcase their talent.

In this event student show their interest in new art, technologies and new ideas. Students also show the working on Poster prepared by them and feasibility of the presentation is judged by the experts.

Objective:

- ❖ Identifying the skills and knowledge of students about new ideas & thoughts.
- ❖ Make sure the students develop poster content carefully, design and inform their viewer and present their ideas effectively.
- ❖ Students get opportunities to answer the questions from the audience about the relevant theme they have prepared.
- ❖ Ensure that the students will need to meet the specific assessment task requirement and the expectations of their subject area.

Outcome:

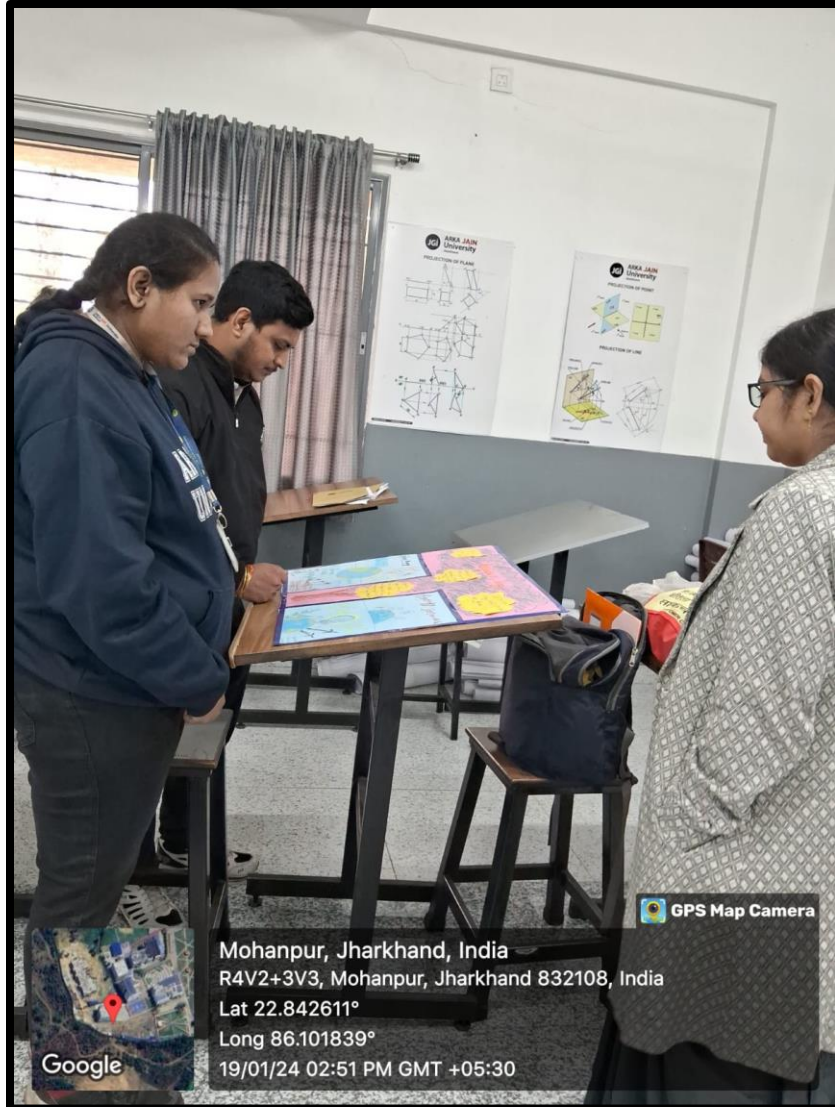

- ❖ Students get inspired to develop new ideas on poster presentation using theme and new technicalities.
- ❖ Help candidates develop technical knowledge.
- ❖ Allow candidates to think critically and analyse the problem statement.
- ❖ Facilitate an environment in which they can implement their ideas and convert them into new presentations.
- ❖ Help candidates learn about the domain, industry or job role more and what kind of questions they will face during interview related to their project.
